Summary of Clive & Lara Johnstone Meeting with Karen Marshall: Re: GMC 5048-15: Amended Notice of Motion 01

Karen Marshall agreed that if any Johnstone family member or anyone ever asked Clive and Ann Johnstone about whether they had asked anyone for legal advice about supporting Lara with her assisted suicide plans in Switzerland or Russia; Clive and Ann Johnstone could inform such person:

“Clive and Ann asked Karen Marshall for legal advice about helping Lara Johnstone with her Russia state assisted suicide request. Karen Marshall suggested that Clive, Ann and Lara do it out of court. Karen Marshall suggested that Lara get the travel permission and assisted suicide costs details from Russia and/or Swiss authorities; and once the travel permissions and assisted suicide costs were known, then Clive and Ann could provide Lara with the funds to go to Switzerland and/or Russia for her peaceful assisted suicide.”

Re: GMC 5048-15: Amended Notice of Motion 01 documents

On 23 November 2015: Lara emailed Clive Johnstone: Draft of the 18 November 2015: Amended Notice of Motion [PDF⁶], Founding Affidavit [PDF⁷] and 06 November 2015 correspondence to Timothy James McVeigh: via Dept of Justice: Asst Attorney General for National Security: National Security Division: Lisa Monaco: Subject: RE: Timothy J McVeigh: Formal Apology: Re: Fraud of Radical Honesty Cult [PDF⁸].

Clive tried to forward the documents to Karen Marshall on or about 25 November and days thereafter; but his computer would not allow him to do so. On the morning of 29 November Clive consented to Lara forwarding the aforementioned documents to Karen Marshall; which Lara immediately did at 10:48 am. Clive asked Lara to make arrangements to go with him to his meeting with Karen Marshall scheduled for 16:00 hrs. Lara changed her schedule to walk Gill Elliot's dogs; so she could be ready to go with Clive to meet Karen Marshall. Gill Elliot asked why Lara had arrived early to walk her dogs. Lara explained she was going with Clive for a meeting with Karen Marshall. Gill said to please send Karen her regards.

At 15:49 hrs; Lara sent Karen an SMS to confirm that Karen had received the Draft of the Amended Notice of Motion application documents: “Karen Did you receive email sent to u this morning? Lara”. Karen immediately called back and said that she would discuss the documents with Clive and Ann later this afternoon. Lara informed Karen that Ann would not be going to

the meeting; that Clive had asked Lara to go with him to the meeting with Karen Marshall. Karen said that was okay and that she would discuss the documents with Lara and Clive at the meeting.

Paraphrased Transcript of Clive & Lara Johnstone Meeting with Karen Marshall: Re: GMC 5048-15: Amended Notice of Motion 01

Karen Marshall has read the papers and she is not prepared to entertain the application.

Karen Marshall thinks that the court will not entertain the 'Russia state assisted suicide' part of the application; because it is unenforceable; i.e. the court would not force Clive and Ann to support Lara to die in dignity.

Lara stated that she is not asking the Court to enforce Clive and Ann to support Lara to die in dignity.

Put simply: Clive and Ann already as a matter of principles; considering the nightmare they have gone through with people attempting to put Lara in mental institutions; support Lara to die in dignity; no court needs to force Clive and Ann to support Lara to die in dignity.

Lara informed Karen that (a) Clive and Ann were concerned that if or when they die; Lara's uncle: Frode Moe and other Johnstone family members would attempt to have Lara institutionalized; (b) Clive and Ann would rather amicably support Lara to peacefully depart this planet; than to ever see Lara institutionalized again.

Karen and Lara had a disagreement:

Karen insisting that Lara is asking the court to enforce Clive and Ann to support Lara to die in dignity.

Lara insisting that Lara is asking the court to confirm that (a) Lara has the right to make decisions about how, where, when and why to peacefully terminate her life in dignity; (b) to ask anyone to help her; and (c) anyone – whether Clive and Ann or anyone else – who does consent to help Lara should be free from any civil, criminal or disciplinary liability that may arise from Lara Johnstone's decisions to end her life.

Put simply: Lara is asking the court to confirm that (a) Clive and Ann support Lara to die in dignity; and (b) Clive and Ann's decision to support Lara to travel to another country to die in dignity is not a violation of South African law.

Karen Marshall suggests that:

- ❖ Lara should withdraw the application; contact Russian authorities directly for travel and temporary residency permission; if the Russian authorities won't provide help; contact Swiss authorities; and once Swiss authorities have provided all travel permissions and assisted suicide costs and details; Clive can provide the funds; and Lara can go and peacefully end her life.
- ❖ If however: Lara proceeds with the court application; Clive should file a notice to defend/object; based upon the argument that the court has no jurisdiction to entertain

the application. Karen did not explain to Clive what Karen meant by ‘the court has no jurisdiction to entertain the application’.

Lara asked Karen Marshall (a) if Clive and Ann supported Lara with her assisted suicide – whether to Switzerland or Russia – and (b) if other family members or anyone else would then accuse Clive and/or Ann of not having made a fully informed decision about helping Lara with her Russia/Swiss state assisted suicide request; whether Clive and Ann could inform such person that: “We asked Karen Marshall for legal advice about helping Lara with her Russia state assisted suicide request. Karen Marshall suggested that we do it out of court. Karen Marshall suggested that Lara get the travel permission and assisted suicide costs from Russia and/or Swiss authorities; and once the travel permissions and assisted suicide costs were known, then Clive and Lara could make their decisions about Lara’s assisted suicide.”

Karen Marshall agreed that if any Johnstone family member or anyone ever asked Clive and Ann Johnstone about whether they had asked anyone for legal advice about supporting Lara with her assisted suicide plans in Switzerland or Russia; Clive and Ann Johnstone could inform such person:

“Clive and Ann asked Karen Marshall for legal advice about helping Lara Johnstone with her Russia state assisted suicide request. Karen Marshall suggested that Clive, Ann and Lara do it out of court. Karen Marshall suggested that Lara get the travel permission and assisted suicide costs details from Russia and/or Swiss authorities; and once the travel permissions and assisted suicide costs were known, then Clive and Ann could provide Lara with the funds to go to Switzerland and/or Russia for her peaceful assisted suicide.”

Psychiatric Assessment:

Karen Marshall then asked whether Lara would be willing to submit to psychiatric assessment; i.e. to meet with three psychiatrists for a psychiatric assessment.

Lara asked for what purpose? What would it accomplish?

Lara could meet with three good rape the planet capitalist psychiatrists who – if they cared about honesty – would declare her insane; because she supports lifestyle and justice behaviors that are considered those of communists; hence she should be institutionalized as insane.

Lara could meet with three communist psychiatrists who would declare her magnificently sane; for being an excellent communist. A good student of Lenin.

What is the point? What would it prove? Does Karen think Lara needs to become a good two faced rape the planet capitalist?

Is Karen Marshall not aware of the fact that psychology is a massive fraud; that Masonic lawyers and judges don’t care about whether psychiatrists and psychologists in their courts are depriving people of their liberty and putting them in mental institutions with no evidence whatsoever for any scientifically based ‘mental disorder’.

Karen rolled her eyes and said something to Clive; Lara does not recall what.

Lara's Ecology of Peace Radical Honoursty culture:

Karen said the court does not care about Lara's Ecology of Peace culture; and the court does not care about whether Lara is honest and sincere; or her emotions about what she has gone through.

Lara said Karen may be right; that there are some magistrates and/or judges who don't care about whether anyone who comes before them in their court is a member of a different culture, race or religion; than that of the magistrate or judge; and/or whether the person in their court is honest and sincere; or whether the person has been discriminated against.

Karen said what happens if the case lands before one of the many magistrates or Judges who don't care about whether anyone who comes before them in their court is a member of a different culture, race or religion; than that of the magistrate or judge; and/or whether the person in their court is honest and sincere.

Lara agreed that if the case ended up being heard before one of the many magistrates or Judges in South Africa who don't care about whether anyone who comes before them in their court is a member of a different culture, race or religion; than that of the magistrate or judge; and/or whether the person in their court is honest and sincere; then it is highly probably that such Magistrate or Judge would rule that (a) the court does not care about Lara's culture; and (b) the court does not care that Lara is sincere and honest; or whether Lara has been discriminated against.

Conclusion:

Karen and Clive discussed the issues about resolving the Russia Assisted Suicide issues out of court a bit further.

Lara thanked Karen for her time and her honest feedback; although Lara thought Karen's honest feedback was not based upon an accurate assessment of Lara's situation. Nevertheless Karen's feedback was useful to Lara; and hopefully to Clive also.

Karen Marshall: Questions re withdrawal of GMC 5048-15: Lara Johnstone v Clive Johnstone

I have informed Clive that I have no problem notifying the court that I am withdrawing the case; as per your legal advice to Clive and me at our 29 November meeting.

I do however have a few concerns before I do so; which I hope we can amicably resolve.

Re: Draft Transcript of 29 November Meeting: Re: GMC 5048-15: Amended Notice of Motion 01

Re: Russia Assisted Suicide issues:

The summary and/or paraphrased transcript draft of our meeting discussion about your 'Russia assisted suicide' legal advice to Clive has yet to be confirmed by you; as (a) accurate or (b) slightly or grossly inaccurate.

If your legal advice to Clive is that it is legal for him or anyone in South Africa to consciously assist me or anyone else to travel to another country where assisted suicide is legal; then could you provide such legal advice to Clive and Ann in writing; so that if or when Clive and Ann choose to help me to travel to another country where assisted suicide is legal; they can have written proof of the legal advice that you gave them; so that they will be free from any civil, criminal or disciplinary liability for helping me to travel to another country where assisted suicide is legal.

McVeigh Faked Execution issues:

I don't recall what your legal advice to Clive was in the meeting about how Clive and I could resolve the 'McVeigh faked execution' issues in dispute. Could you restate your advice on resolving the McVeigh Faked Execution issues; please; so that Clive and I can consider them and see if we are able to implement them; whatever they may be.

My original request to you via my parents was as follows: “I need your help to find impartial legal assistance for my parents: yourself or if you know someone you trust; who cares about honesty and ethics and finding win-win social conflict solutions for their clients.”

If you are not an honest lawyer willing to provide whatever legal advice you give to a client to them in writing; i.e. concerned about ethics and finding win-win social conflict solutions for your clients or your friends with social conflict problems that require resolution.

Do you know of any South African lawyer, who cares about honesty and ethics and finding win-win social conflict solutions for their clients; that my father can speak to?

Karen Marshall: Questions Re: withdrawal of GMC 5048-15: Lara Johnstone v Clive Johnstone

Karen Marshall:

My interpretation of your correspondence is that: You are too busy to provide my parents with assistance of counsel legal advice that is (a) honest, (b) ethical (c) in writing – written in very simple English with little or no ambiguity, that they can understand -- that (d) recognizes both their and my culture to (e) enable us to find a win-win social conflict solutions to our Taaibos Barter Exchange; including McVeigh Faked Execution and Russia Assisted Suicide issues in dispute.

If so: Not a problem.

Do you know of any South African lawyer who cares about providing their clients with assistance of counsel legal advice that is (a) honest, (b) ethical (c) in writing – written in very simple English with little or no ambiguity, that they can understand -- that (d) recognizes both the lawyer and the clients culture's to (e) enable the lawyer and his client and the opposing lawyers and clients to find win-win social conflict solutions to their resource war disputes?

For the Record: I imagine my parents would also like to resolve these issues in accordance to their culture. I don't pretend to be an expert on my parents primary sub-culture; but if I were to explain it I would say they are anti-occult Masonic Christian Truthseekers; searching for the origins of Christianity so that they can learn to be better more authentic Christians. They may not talk about their type of Christianity while playing Golf; so its possible people who play golf with them; such as you; are unaware of their particular type of Christianity.

Clive Johnstone:

I don't know if that accurately describes your and Ma's primary religious sub-culture; you can clarify further. It is important that your voice and what you want be heard; that your and my agreement; recognizes your cultural values; and if or where we have different cultural values; that we have sincerely listened to each others cultural values; and compromised for both of our benefit.

Dear Lara, This is the last time that I will correspond with you on this matter. I was approached by your parents – not to give them legal assistance which you seem to think they require. I later met with your father (and you) and I am sure that he understands the position. They do not require legal assistance, but if you father wants to talk to anyone I am sure that he is adult and able to do so on his own.

I most certainly do not have the faintest clue what you mean by your 'position'; whatever you mean by 'position'. How on earth could I understand your 'position' when you seem to be confused about your 'position'? Until you are crystal clear about what your 'position' is; and you are willing and capable of articulating it in simple English to yourself, to accept questions where your 'position' may be unclear; and to put your position in writing: in simple english; none of us – including you – shall be clear about what your position is.

Re: if your father wants to talk to anyone I am sure that he is adult and able to do so on his own

I don't know what you mean by 'if Clive wants to talk to anyone I am sure that he is adult and able to do so on his own'.

I have lived and related to people in many different cultures. Many of them have very different and sometimes even contradictory meanings for what they consider to be an 'adult'. So I have no idea what your cultural perspective is about what you consider to be 'adult' behaviour.

I imagine your reference to my father as a 'child' may be because you resent him for something.

Maybe because he asked me to come with to the meeting with you? Maybe for something else? I don't know. Maybe you resent him for knowing that psychology and psychiatry is a massive fraud and loving his child enough to refuse to have them institutionalized; just cause some people may be offended by their lifestyle or way of being? Maybe you were a judge who allowed lying psychologists and psychiatrists and lawyers to deceive you into sending other people's children to mental institutions and you feel guilty and resent Clive: a simple man not pretending to be some high falutin judge; for having a backbone you never had? Maybe its any of a dozen other reasons; or none. I ain't got a clue.

So if you can explain to Clive what you consider an 'adult' to be in your culture; and how or why you think he is not behaving like an adult and should behave like an adult; then he can consider your feedback and if it is useful to him, adopt it; or not.

I have told my father my resentments. I have shared my resentments to my parents for even bringing me into this world; and many other resentments and appreciations. He has told me his resentments and appreciations; as has my mother. Some resentments have gone and/or been healed; others remain probably because the underlying conditions have not been resolved. I have far more appreciations for my mother and father than I do have resentments.

Re: Clive and Ann do not require legal assistance.

If you don't think Clive and Ann require legal assistance to help me to help Tim to resolve his legal issues; what do you think they or we require?

Dignity SA & Unashamedly Ethical: Karen Marshall Legal Advice Re: GMC 5048-15

I have not received any response from Dignity SA to my 30 November 2015: Assisted Suicide Legal question; or Unashamedly Ethical to my 26 June 2015: Social and Resource Conflict problem solving ethics question.

My parents and I have an application before the George Magistrates Court; dealing with among other things: social and resource conflict problem solving ethics; including assisted suicide questions I posed to your organizations.

I initially attempted to resolve the issue via Unashamedly Ethical Ombudsman: Former Judge Keith Matthee; but he would not accept the request for information; unless filed with him by Unashamedly Ethical administrator: Jaap Le Roux; who has so far refused to respond to my request for information; and Judge Keith Matthee has refused to order him to respond to my request for information. A copy of my correspondence to Unashamedly Ethical can be found in: Proof of Service delivery & correspondence [PDF] Re: *Are Family Policy Institute and Unashamedly Ethical social and resource conflict problem solving ethics founded upon (i) Ecology of Peace factual reality or (ii) Masonic War is Peace flat earth beliefs?*

I then suggested that my parents speak to a golfing friend of theirs: an advocate and former judge: Karen Marshall for legal advice to help us to resolve our Issues in Dispute. A transcript of all correspondence sent to; and received from, and/or about Karen Marshall; subsequent to Lara and Clive Johnstone's 29 November 2015 meeting with Karen Marshall: Re: GMC 5048-15

Attorney Generals / Directors of Prosecutions of all United Nations Assembly nations are – among other organizations – respondents in the [EoP PoW Applicants to the International Criminal Court: EoP PoW's –v– Nobel Committee & Peace Laureates et al](#); which is one of the [options for the Implementation of an Ecology of Peace international law social contract](#). It does not currently include a Fully Informed Consenting Assisted Suicide clause; however a Fully Informed Consenting Assisted Suicide clause requirement for all Attorney Generals of all UN Assembly Nation respondents – could be added to the next draft – once US, NATO, Russia and China EoP Axis authorities; and EoP Axis Coercion authorities; finalize their suspension and/or termination decision-making.

If Dignity SA and/or Unashamedly Ethical support the honourable, transparent and non-violent implementation of an Ecology of Peace international law social contract; which could include a fully informed consenting assisted suicide clause; for all Attorney Generals of all UN Assembly Nation respondents – would be useful for planetary citizens from all races, religions and/or classes to enable those who prefer to depart the planet in non-violent humane dignity to do so; please contact Karen Marshall if you would be willing to provide her with your legal, advocacy or any other form of support to enable her to make the most fully informed decision about whether she has Dignity SA and/or Unashamedly Ethical support to focus her legal skills towards supporting the honourable, transparent and non-violent implementation of an Ecology of Peace international law social contract.

Dignity SA: Assisted Suicide Legal Question

Could you kindly clarify the following issue for me:

Is it legal for someone in South Africa who (a) wants to make the decision about how, where, when and why to peacefully terminate her life in dignity; (b) to ask anyone in South Africa to help her to make the arrangements to travel to another country where assisted suicide is legal; and (c) if anyone does consent to help the person to travel to another country where assisted suicide is legal; will they be free from any civil, criminal or disciplinary liability that may arise from helping the person to travel to another country where assisted suicide is legal?

If a lawyer says that it is legal for someone in South Africa to consciously assist another to travel to another country where assisted suicide is legal; could such lawyer kindly provide such legal advice statement in writing; so that the persons who may choose to help another to travel to another country where assisted suicide is legal; can have proof that they did ask for legal advice; and if ever necessary; provide the evidence of the legal advice they were given.

For numerous reasons I have chosen to depart this planet. My parents understand my reasons and would be happy to support me; but I just want to make sure that if or when we choose to make the arrangements; they shall be clear from any civil, criminal or other disciplinary liability for helping me to travel to another country where assisted suicide is legal to peacefully end my life.

I would appreciate it if you could clarify this issue for me.

Many thanks.

Lara Johnstone

ICC: Judge Silvia Fernández de Gurmendi; Re: EoP ICC Private Pros: EoP PoW's –v– Nobel Committee & Peace Laureates et al

Please can ICC Judges Take Notice of the Ecology of Peace private prosecution 'crimes of aggression' acts of war application to be filed in the International Criminal Court:

EoP ICC Private Prosecution:

The purpose of the EoP private prosecution complaint to the International Criminal Court – if or when filed – shall be to implement an Ecology of Peace international law social contract; that requires all the world's citizens to procreate and consume below ecological carrying capacity limits. The complaint shall charge the breeding and/or consumption scarcity combatants with 'Crimes of Aggression Acts of War' for their breeding/consuming above ecological carrying capacity limits; and shall require the respondents to cooperate; to nonviolently de-industrialize and reduce consumption and procreation to ecological carrying capacity limits; through specific actions requested of them. Put simply in terms of ICC Prosecutor Luis Moreno-Ocampos [red/green light international law analogy](#); individuals breeding and/or consuming above ecological carrying capacity limits shall be guilty of procreation/consumption crimes of aggression acts of war; i.e. have crossed the red light.

All documentation including the most recent draft of the complaint: *EoP PoW's –v– Nobel Committee & Peace Laureates et al* [[PDF](#)]; can be found at [EoP ICC complaint](#).

Re: plausible deniable applicants and observers:

According to my observation two of the applicants could be considered plausible deniable committed to the implementation of an Ecology of Peace international law social contract. They are Timothy McVeigh and Vladimir Putin.

I imagine Timothy McVeigh shall remain plausible deniable until Pres Bush and/or Governor Gray Davis legally confirms his 11 June 2001 faked execution. Those negotiations can be found in: *Ecology of Peace culture correspondence regarding the Oklahoma City Bombing and the faked execution of Timothy James McVeigh* [PDF]. I imagine Vladimir Putin shall remain plausible deniable until (i) the issue of McVeigh's faked execution is resolved; and/or (ii) Israel ICC coercion issues are confirmed; although I could be wrong on both those counts; and President Putin may be willing to discard his plausible deniability based upon the same grounds as the plausible deniable working hypothesis enquiry applicants. One thing I have little doubt about is his level of EoP commitment.

The other applicants I would classify as closer to plausible deniable working hypothesis enquiry; some closer to committed and others closer to enquiry; where exactly on that scale they would fall; I don't know. I imagine they would tilt closer to committed with a qualified committed private prosecution counsel on board.

Mutually Agreed Coercion Enforcement:

So far two ideas have been considered for Mutually Agreed Coercion Enforcement. Israel Mossad / Shinbet for coercion and enforcement of individuals and/or organizations and EoP Axis for larger entities such as countries; although Israel could also provide coercion to EoP Axis leaders who are refusing to cooperate with other EoP Axis cooperating countries.

2. Confirm PM Netanyahu & Mossad consent as EoP Axis Coercion:

Original basis for recommendation of Mossad / Shinbet as EoP Axis Coercion; which has been shared with PM Netanyahu; include among others: [Israel's Shin Bet Generals call for peace](#).

3. Confirm EoP Axis Officials Heads of State confirm their intent to act as EoP Axis.

Basis for recommendation of EoP Axis include among others; which has been shared with EoP Axis authorities; include among others: Real News: [Paul Jay's Reality Asserts Itself: Who Makes US Foreign Policy interview of Lawrence Wilkerson](#); particularly the [predatory capitalism](#) part; which deals with the necessity of the great powers cooperating to implement a new economic order; to address the massive impending planetary social conflict problems resulting from climate change, peak food, peak water, peak oil, etc.

Succinct Summary of Private Prosecution Complaint:

On behalf of the EoP Applicants I have been preparing documentation for an ICC private prosecution in terms of Rendulic Rule Military Necessity doctrine; CA, UK, US & RSA Common Law Private Prosecution doctrine; Rome Statute: Art.5, 6, 7, 8 & 15; ICC Code of Judicial Ethics: Art 4, 5(1), 7 & 11. Charges: Crimes of Aggression Acts of War.

The Ecology of Peace culture's definition of 'crimes of aggression acts of war' is as follows: "Any individual who is found guilty of advocating on behalf of, legislating, enforcing, or obeying any – cultural, religious, common, statutory, constitutional, or international – 'scarcity combatant' social contract; which enables or advocates on behalf of human procreation, consumption or production of resources that transgress ecological carrying capacity limits, is guilty of the 'crime of aggression act of war'."

Carrying Capacity Sustainability: I=PAT Equation:

For activities to be genuinely sustainable it must be possible for them to continue indefinitely. The impact of humanity on the environment and the demands that people place on the resources available on the planet can be summarized by what is known as the Ehrlich or IPAT equation, $I=PAT$. I = impact on the environment or demand for resources, P = population size, A = affluence and T = technology. The two most important conclusions deriving from this IPAT footprint relationship are that: (i) the Earth can support only a limited number of people, at a certain level of affluence, in a sustainable manner; and (ii) Population and Consumption must be reduced to below carrying capacity.

An individual's IPAT footprint is a result of: (A) Consumption Footprint multiplied by (B) Procreation Factor.

Consumption Footprint: Consumption footprint calculators are based upon [Global Footprint Application Standards](#), and calculate an individual's consumption footprint based upon various questions about their consumption lifestyle's; and provide a final consumption footprint in global hectares which is the individual's 'consumption footprint'; i.e. the amount of global productive land required for the production of products the individual consumes. Consumption Footprint calculators can be found at among others: [Global Footprint Network](#); [Earth Day](#); [Center for Sustainable Economy](#); [EcoCampus](#).

Global Footprint concepts were developed by among others: Dr. Mathis Wackernagel; Dr. William Rees; Dr. Herman Daly and the Global Footprint Network Standards Committee is one of two committees overseeing scientific review procedures and standards for Footprint calculations.

Procreation Factor: According to the research of [Paul Murtaugh](#): A parent increases their consumption footprint by a factor of 20 for every child procreated.

Carrying Capacity aka Biocapacity Limits: "The maximum number of individuals that can be supported sustainably by a given environment is known as its 'carrying capacity'. Worldwide the total amount of biologically productive land and sea amounts to 12 billion global hectares (gha); or 1.8 gha each if divided by 6.7 billion each. Guerry's Laws are drawn up in accordance with the proactive conservation policies of Bhutan, who set aside 40% of their biologically productive to be returned to its natural state, for other species and wildlife conservation purposes; then that means that the total amount of biologically productive carrying capacity land available to humans is 60% of 12 billion; which amounts to 7.2 billion gha total; or 60% of 1.8 gha, which is 1 gha each.

Population factor is relevant, because the more humans there are, the less biologically productive land there is for everyone else.

For example:

Biocapacity limits of 6.7, 3.5, 1 Billion, 500, 250 & 100 Million humans: 7.2 billion global hectares of biologically productive land and water divided by (a) 6.7 billion humans, equals: 1.07 gha each; (b) 3.5 billion equals 2.05 gha each; (c) 1 billion equals 7.2 gha each; (d) 500 million equals 14.4 gha each; (e) 250 million equals 28.8 gha; (f) 100 million equals 72 gha each.

Respondents:

Primary Respondents so far include:

(i) Norwegian Nobel Committee; Nobel Peace Laureates Organisations and Employees, Nobel Peace Laureates Individuals and Families; (ii) Bank of International Settlements; Inter-American Development Bank; APRACA: Asia-Pacific Rural & Agriculture Credit Association; (iii) World Federation of Exchanges (WFE) and International Org of Securities Commissions (OICU-IOSCO); (iv) IAEA: International Atomic Energy Agency; NEI: Nuclear Energy Institute and WCA: World Coal Association; (v) United Nations General Assembly Nation States & UNDP / UNFPA / UNOPS Executive Board Secretariat.

Additional 'Consent' respondents include Global Campaign for Ratification and Implementation of Kampala Amendments on the Crime of Aggression; and Global Footprint Network Standards Committee who shall be allowed to consent or object to the Private Prosecution or its Ecology of Peace Decalogue Commandment 'crimes of aggression acts of war' definition; or submit factual correction edits to the Applicant's IPAT: Consumption x Population Footprint equation carrying capacity limits statistics.

Re: Kampala 'crimes of aggression acts of war' definition:

I have notified the Global Campaign for Ratification and Implementation of Kampala Amendments on Crime of Aggression convenors; namely: Global Institute for the Prevention of Aggression: Benjamin and Donald Ferencz and the Permanent Mission of Liechtenstein of the intended Ecology of Peace private prosecution 'crimes of aggression' acts of war ICC application to be filed.

There has been no response from them.

Summary:

My apologies for this email; if you can answer the questions herein; the matter can be resolved between us civilly; out of court; resulting in you never having to receive any further correspondence from me ever again.

If you wish to resolve these issues out of court; please let me know how much time you need to go through the documents; to provide me with an answer to my questions.

If so: If you need time beyond 19 April 2016; I shall recommend to Clive that we agree to postpone the proceedings until you have had enough time to consider the documentation and provide us with your answers.

If you prefer to resolve the issues in court as a matter of transparency; I shall request a court order to (a) be refunded the Sheriff's service fees – as far as I recall they were R200,00; but may have increased – and (b) appropriate funds; depending on your answers to the questions under: **Questions for Karen Marshall: *Request for Mental Disorder Evidence Clarification and/or Allegation Information.***

A copy of all prior correspondence to you in this matter; is recorded in **EoP Applicants: Request Legal Assistance: Karen Marshall: [PDF]**; which includes a copy of 29 December 2015 correspondence to International Criminal Court: Judge Silvia Fernandez de Gurmendi: Re: ***EoP ICC Private Pros: EoP PoW's – Nobel Committee & Peace Laureates et al***; which refers to my correspondence with you; but which I did not copy you on; as per your 03 December 2015 request.

Questions for Karen Marshall:

Does Karen Marshall intend to put her 'Lara Russia assisted suicide' verbal legal advice to Clive in (a) writing; or (b) withdraw it; or (c) provide Lara and Clive a reason for Karen's refusal to put her legal advice to Clive in writing?

If not: Would Karen prefer that Lara draw up another Amended Notice of Motion to be served upon Karen; to ask Karen to provide Clive with her 'Lara Russia assisted suicide' and 'send Lara to a psychologist' legal advice to Clive; as part of court proceedings?

Request for Mental Disorder Evidence Clarification and/or Allegation Information:

Regarding Karen's 'send Lara to a psychologist' legal advice to Clive:

Lara Johnstone hereby requests the following information from Karen Marshall:

Do you Karen Marshall:

[1.1] Deny you made any 'mental disorder' allegations about Lara; either to her face or behind her back to Clive and/or Ann;

- A. Note: If you inform the court that you deny you made 'mental disorder' allegations about Lara to her face; or behind her back; when in fact you did make 'mental disorder' allegations to Lara or behind her back; you will be lying to the court under oath; and if or when the court is provided with sufficient reasonable cause evidence that you are or may be lying; the court can accuse you of perjury; and if sufficient evidence exists of you lying to the court; the court can convict and sentence you for perjury; which is a criminal offence.

or

[1.2] Confirm, withdraw and apologize for the 'mental disorder' allegations you made about Lara; either to her face or behind her back; when, where, to whom and why; and if so:

- A. Confirm means you admit to the court; in writing when and where and to whom you made the mental disorder allegations against Lara;
- B. Withdraw and apologize means you withdraw the allegations which you have confirmed you made; and you apologize for them in writing to (i) Lara and the court; if you made the 'mental disorder' allegations to Lara to her face; (ii) the person to whom you made the 'mental disorder' allegations about Lara; behind Lara's back; and the court; if you made the 'mental disorder' allegations about Lara; to someone else; behind Lara's back.

Or

[1.3] Confirm and Stand by your 'mental disorder' allegations against Lara:

- A. Confirm means you admit to the court; in writing when and where and to whom you made the mental disorder allegations against Lara;
- B. Stand by means you stand by your 'mental disorder' allegations and you consent to providing the court with your 'mental disorder' evidence:
- C. If so:
 - a. provide Lara and the court with your 'mental disorder' legal definition; and evidence in support of such definition;
 - b. if you made the allegation to Lara's face; and she requested you to provide her with your 'mental disorder' legal definition and evidence; include your legal reasons for refusing to provide Lara with your 'mental disorder' legal definition and evidence
- D. Please Note:
 - a. If the magistrate considers your 'mental disorder' evidence to be scientifically based and consequently your psychological counseling remedy to be a universally applicable remedy to all cultures, religions, classes and/or races of all nations; including members of the Radical Honoursty Ecology of Peace culture; Lara is willing to see a psychologist if you can find one that confirms to the court that (i) s/he legally recognizes Ecology of Peace Factual Reality; (ii) provides the court with her/his legal definition for 'mental disorder'; (iii) agrees to tape record all interviews and meetings for the court to confirm that the psychologists/psychiatrists report to the court was based upon active listening; i.e. accurate interpretation of Lara's statements. As of date Lara has been unable to find any psychologist willing to recognize Ecology of Peace Factual Reality [\[PDF\]](#)
 - b. If you cannot find any psychologist who legally recognizes Ecology of Peace Factual Reality as accurate; you may find any psychologist who considers any principle upon which Ecology of Peace Factual reality is founded to be evidentiary flawed; to provide Lara and the court with their evidence; in support of their allegation that Ecology of Peace Factual Reality principles are flawed or inaccurate. If such psychologist provides such evidence proving any Ecology of Peace Factual Reality principle as flawed or inaccurate; Lara shall amend such principle

and/or apologize; as necessary and reasonable; based upon the evidence provided to her and the court.

- c. If the magistrate considers your 'mental disorder' evidence to be (i) insufficient and/or unreasonable; (ii) not scientifically based; and/or consequently not universally applicable to persons from all races, classes, cultures or religions; including members of the Radical Honoursty Ecology of Peace culture; (iii) negligent or maliciously motivated; (iv) the magistrate may issue an order for damages for defaming the psychological integrity of Lara Johnstone.
- E. Ecology of Peace Facts Reality being: (a) Earth is not flat; (b) Earth renewable and non-renewable resources are finite; (c) When humans **breed or consume** above **ecological carrying capacity limits**, it results in **resource conflict**; (d) To sustainably protect and conserve natural resources in accordance to local and national carrying capacity limits; and restrict national and international inter-cultural, racial and religious resource war conflict; humans must reform and/or abolish the **Masonic War is Peace** international law social contract; and cooperate to implement an **Ecology of Peace** international law social contract that restricts all the worlds citizens, from all races, religions and classes; to breed and consume below ecological carrying capacity limits.

With regard to Karen Marshall's refusal to put her verbal legal advice to Clive Johnstone in writing:

[GMC 5048-14: Lara Johnstone v Clive Johnstone](#) Summary Update:

03 December 2015 to 19 January 2016:

After Karen Marshall refused to put her legal advice to Clive in writing [\[PDF\]](#); and refused to (a) withdraw her legal advice to Clive; or (b) provide Clive a reason for her refusal to put her legal advice to Clive in writing; Lara drew up an Amended Notice of Motion to file before the 19 January date.

The Amended Notice of Motion included Karen Marshall as a respondent; and asked Karen Marshall (a) to provide Clive with her legal advice in writing as part of court proceedings; or (b)

withdraw her legal advice to Clive; or (c) provide a reason for her refusal to put her legal advice to Clive in writing.

At the same time Lara was drawing up the Karen Marshall Amended Notice of Motion Lara was informed by MWeb of the repeated possible threshold choke hacking of the Johnstone MWeb account: JMCSWAN.

Lara contacted MWeb Technical Department and MWeb Board of Directors Legal Counsel: Richard de La Harpe [[PDF](#)]; to inform them of the possible hacking; and that it was Lara's working hypothesis conclusion that the hacking was done by Russian and American military intelligence; more specifically: someone at the NSA and/or FSB; and Lara's working hypothesis conclusion as to their motives for the hacking.

During Lara's correspondence with MWeb; (i) two of MWeb's cables to Europe went down on the same day at the same time; an extremely unusual coincidence; according to them; and (ii) Lara's computer was again hacked; and this time the Karen Marshall Amended Notice of Motion; that Lara had drawn up to file to the court; in Lara Johnstone v Clive Johnstone case had been remotely deleted from Lara's computer.

Lara informed Clive that the Amended Notice of Motion had been hacked and deleted from her computer.

Clive and Lara then agreed in writing to postpone their court set down date of 19 January to 19 February 2016; to decide whether Lara should (a) file an Amended Notice of Motion with a new court setdown date; to enable the resolution of any one or all of the -- 'mental disorder'; 'McVeigh faked execution' and 'Russia assisted suicide' -- issues in dispute between Clive and Lara; or (b) alternatively Lara could withdraw the application; if Clive would provide Lara with the R200.00 that it cost Lara to serve the application; to attempt to resolve the issues in dispute with Clive.

Lara suggested that she attempt to contact Unashamedly Ethical; to find out whether they provide alternative dispute resolution services; and if so; it would be less formal than court proceedings; and give Clive the opportunity to formulate his working hypothesis legal position. Lara and Clive agreed to postpone the set down date for court hearing of 19 January to 19 April 2016.

19 January 2016 to Present:

Lara contacted Unashamedly Ethical about dispute resolution; and was ignored by Unashamedly Ethical Administrator and Ombudsman.

Lara then filed a complaint with the Unashamedly Ethical Ombudsman; who refused to accept it.

Lara then notified [South Africa, Canada, Hong Kong, Malaysia, Australia & New Zealand Police: Unashamedly Ethical Fraud Complaint](#).

On the morning of 21 March 2016; Lara noticed another hack; this time to the online html version of Ecology of Peace v Masonic War is Peace New World Order Negotiations Comments Correspondence: [EoP v WiP Comments Corr: 26 Jan: Culture Change](#). The original [PDF](#) had not been hacked.

21 March Hacking Working Hypothesis Conclusions to FSB: Gen Bortnikov and NSA Adm Rogers:

Lara then emailed FSB: Gen Bortnikov & NSA: Adm Mike Rogers; about Lara's working hypothesis conclusion interpretation as to why someone at the NSA and/or FSB may have hacked her online publication of the EoP correspondence to Culture Change: Jan Lundgren. [Transcript copy of correspondence to FSB & NSA [PDF](#) → Summary [PDF](#) → Sent: 21 March 2016 5:20 PM: Subject: EoP Obs & Admin Notice: Re: NSA-FSB Hack of Tall Ships & Culture Change to EoP Honour Ecofootprint Shrinking Lifeboat Ethics?]

As noted one sentence of the hacked correspondence states: "Put simply: unlike [Arthur Edens](#) and [Michael Clayton](#) – they are in total denial that they are Sheva the legal cryptic gods of death".

The movie Michael Clayton is about a corporate lawyer: Arthur Edens; who is one of America's best corporate lawyers. One day he has a sudden revelation; sort of like Paul when he became Saul, or was it Saul became Paul; in the Bible. At the time that he has this revelation; he is the top lawyer for the biggest agricultural GMO corporation on the planet; that is destroying small organic family farms to replace them with massive industrial toxic agriculture farms. He decides to expose the corrupt lawyers and corrupt corporations. The corrupt corporations and lawyers try to use his best friend: Michael Clayton to accuse him of insanity and to have him institutionalized; so that they can silence him. However Arthur knows more about psychology as it relates to the law than they do; so they can't manage to get him institutionalized. They then decide that they have to assassinate him to shut him up. The corrupt lawyer who orders the assassination of Arthur; is a woman named Karen. After Arthur is assassinated; his friend Michael Clayton; goes to his brother who is a police officer; and asks him for his help; to expose Karen and her ordering the murder of Arthur.

What Lara Does Not Know:

Lara does not know if the NSA and/or FSB Hacker's hacking inclusion of the "Put simply: unlike [Arthur Edens](#) and [Michael Clayton](#) – they are in total denial that they are Sheva the legal cryptic gods of death"; sentence; was a cryptic or indirect implication of Karen Marshall's underlying motives for Karen's verbal legal advice to Clive.

Lara Perspective on Military and Civilian Crypto speak psycho-babble:

Lara is not into cryptic psycho-babble whether legal, academic, psycho-babble, or religious. Lara is not into military cryptic gods of death speak.

If Lara ever would consider cryptic speak necessary; Lara would consider nuclear submarine commanders military crypto speak the most useful; because of nuclear submarine commanders concern that their crypto speak be 100% clear; leaving absolutely no room for any misinterpretation. See for example the movie: [Crimson Tide](#): excerpt: [Who is the Enemy?](#). Consider with regard to [Shinbet Generals call for peace](#).

If or where Lara think's someone may have EoP motivations; and speaks in legal crypto speak or military crypto Gods of Death speak; Lara has been willing to cooperate with such individuals; to attempt to help them to clarify their cryptic gods of death message into more

simple village idiot language. However until Lara's interpretation of their military crypto Gods of death is confirmed by them as accurate; it is not a fact; and is simply Lara's interpretation; which could be anything from partially to entirely correct or incorrect. Transcript of Lara's correspondence to NSA & FSB to attempt to confirm Lara's interpretations of their military crypto Gods of Death messages can be found in FSB & NSA [\[PDF\]](#).

If or where Lara think's someone may have EoP motivations; and speaks in legal crypto speak or military crypto Gods of Death speak; Lara has been willing to cooperate with such individuals; to attempt to help them to clarify their cryptic gods of death message into more simple village idiot language. If or where Lara thinks the person does not have EoP motivations; or that their alleged EoP motivations are not sincere; Lara has refused to cooperate with such persons; and informed them she would not be offended if they wanted her removed from the planet; they are welcome to remove her from the planet; as long as it is done quickly, and humanely.

The only reason Lara is still on this hellhole of a planet; is because she is waiting for President George Bush to make up his mind about what the terms of agreement were for the faked execution of Timothy McVeigh. If those terms of agreement allow for Lara to physically spend time with Timothy McVeigh; Lara shall wait for such time; and do whatever she can to help to make that a reality. If the terms of agreement do not allow for Lara to physically spend time with Timothy McVeigh before she departs this planet; then the sooner she is informed of such reality; the sooner she can confront it.

Lara prefers and practice's buck stops here simple village idiot speak.

What Lara Does Know:

Lara has repeatedly requested Karen Marshall (a) to provide Clive with her legal advice in writing as part of court proceedings; or (b) withdraw her legal advice to Clive; or (c) provide Lara with a reason for Karen's refusal to put her legal advice to Clive in writing.

After Karen Marshall refused to put her legal advice to Clive in writing [\[PDF\]](#); and refused to (a) withdraw her legal advice to Clive; or (b) provide Clive a reason for her refusal to put her legal advice to Clive in writing; Lara drew up an Amended Notice of Motion to file before the 19 January date.

The Amended Notice of Motion included Karen Marshall as a respondent; and asked Karen Marshall (a) to provide Clive with her legal advice in writing as part of court proceedings; or (b) withdraw her legal advice to Clive; or (c) provide a reason for her refusal to put her legal advice to Clive in writing.

At the same time Lara was drawing up the Karen Marshall Amended Notice of Motion Lara was informed by MWeb of the repeated possible threshold choke hacking of the Johnstone MWeb account: JMCSWAN.

Lara contacted MWeb Technical Department and MWeb Board of Directors Legal Counsel: Richard de La Harpe [\[PDF\]](#); to inform them of the possible hacking; and that it was Lara's working hypothesis conclusion that the hacking was done by Russian and American military intelligence; more specifically: someone at the NSA and/or FSB; and Lara's working hypothesis conclusion as to their motives for the hacking.

During Lara's correspondence with MWeb; Lara's computer was again hacked; and this time the Karen Marshall Amended Notice of Motion; that Lara had drawn up to file to the court; in Lara Johnstone v Clive Johnstone case had been remotely deleted from Lara's computer.

Previous Hacking Events of Lara's computer that deleted document/s:

Lara's computer was hacked in 2001 when she was in America; at the time of Timothy McVeigh's impending execution. Lara had drawn up a proposal for Timothy McVeigh and President Bush's consideration. The document was remotely deleted from Lara's computer; before she could complete it; and submit it to Timothy McVeigh and President George W. Bush.

A summary of the contents of that proposal to Timothy McVeigh and President George W Bush can be found in 06 November 2015 correspondence; Subject: ***Timothy J McVeigh: Formal Apology: Re: Fraud of Radical Honesty Cult***; copies of which can be found in: ***Ecology of Peace culture correspondence regarding the Oklahoma City Bombing and the faked execution of Timothy James McVeigh [PDF]: 05: GMC 4643-13 applicant/s correspondence to and from USA, Canada, UK & RSA Police: Re: Filing of Fraud Charges against Brad Blanton, Radical Honesty Enterprises & Trainers [PDF]***.

Summary of Lara's Working Hypothesis Conclusions Re: Military Cryptic Gods of Death Psychotronic Manipulation of Clive Johnstone GI Bleeding Attack; and involvement in pneumonia death of Malcolm Cummins:

19 June Death of Malcolm Cummins:

On 11 July 2015 Clive and Ann Johnstone went to Upstairs at Harry's for a drink. There they saw Jana Cummins and informed Jana of their sympathy for the death of Jana's husband: Malcolm Cummins; who had died on 19 June 2015. In their discussion with Jana, Jana informed Clive and Ann that she had received a strange letter from Lara; and asked if Lara was okay. Clive and Ann interpreted Jana's statement as 'Is Lara insane; or is she crazy; or a similar implication'.

Summary of 19 June to 11 July events relating to Jana Cummins:

Sometime between 19 June 2015 and 24 June 2015 Ann had informed Lara that Malcolm Cummins had died. On 25 June 2015 the George Herald published an obituary for Malcolm Cummins. Lara asked Clive and Ann for a copy of the George Herald Malcolm Cummins obituary page; and Clive and Ann informed Lara that Ann had used it to wrap the green avocados. On 04 July 2015 Lara SMS'd Jana Cummins to inform her that she had information that indicated a plausible working hypothesis theory that Malcolm's death may not have been accidental. Lara could not get her cellphone to work to send an SMS; so eventually telephoned Jana. Jana responded stating that she had suspicions about Malcolm's death; and informed Lara she would SMS her the Upstairs at Harry's email address. Jana and Lara discussed how Jana was coping and whether there was anything Lara could do to help Jana through this difficult experience. Jana said she was okay, when she gets depressed or sad; she and the kids go home; put on a dancing CD and dance their depression away. On 04 July 2015 at 20:41 hrs Lara emailed Wilderness Captain Warrant Officer Boshoff to inform him of her suspicions of the 19 June Possible Murder of Upstairs at Harry's Owner & Manager: Malcolm Cummins. The next

day Jana sent Lara the email with Upstairs at Harry's email address. On 05 July 2015 at 14:18 hrs, Lara sent Jana a copy of the email she had sent to Warrant Officer Boshoff.

Ann and Clive informed Lara that they were very angry about the letter Lara had written to Jana Cummins; because it had upset Jana; and demanded that Lara; send them a copy of the letter. Lara asked Clive and Ann exactly what had Jana said that Lara had said that upset Jana; but Clive and Ann refused to inform Lara. Lara suggested that it was possible that Clive and Ann's anger emotions at Lara were being psychotronically manipulated; using the same psychotronic technology that Lara had informed Warrant Officer Boshoff may have been used to manipulate the bodily functions of Malcolm Cummins to create the impression that he had died of pneumonia. Clive Johnstone screamed at Lara 'that's nonsense' or something similar and told Lara to get out of the kitchen. Lara went back to her room.

On 11 July 2015 at 17:32 hrs Lara sent an email to: Clive and Ann Johnstone and Jana Cummins. Subject: Clive & Ann Johnstone & Jana Cummins: RE: 05 July 2015 letter to Jana Cummins; Re: 04 July Letter to SAPS: Capt Boshoff. The email provides a very brief summary of events; because Clive does not like reading any email that contains written text of more than two or three paragraphs, one page maximum.

12 July 2015: Lara and Tim work on EoP response to the American Psychological Association Hoffman Report:

On 12 July 2015 at 13:53 hrs Lara emailed the American Psychology Association Board of Directors and David Hoffman: Subject: Hoffman APA Review Report: Sincere Problem Solving focus; or Bullshit the Public Relations event?

The American Psychological Association contracted lawyer David Hoffman to investigate whether a group of psychologists led by James Mitchell and Bruce Jessen who were members of the APA; who were involved in various 'War on Terror torture practices'; such as: waterboarding were involved in 'unethical practices.'

After the September 11 attacks, the CIA asked James Mitchell to develop an interrogation program to help interrogators to effectively interrogate Al-Qaeda terrorists who were resisting interrogation. Put simply: the CIA wanted to know if Jessen could teach their interrogators to know when one of the terrorists they were interrogating sincerely did not know any question posed to the terrorist; or when the terrorist was hiding or withholding information; by pretending not to know answers to questions from the interrogator. James Mitchell had been a psychologist in the Air Force. In 1988 he became the chief of psychology at the Air Force survival school at Fairchild Air Force Base in Spokane, Washington. Mitchell Survival, Evasion, Resistance and Escape (SERE) training taught American soldiers psychological evasive techniques for how to survive torture if they were captured by AlQaeda and AlQaeda decided to torture them to get military classified information. Interrogation procedures consisted of the interrogator and terrorist suspect meeting in an interrogation room; where they engaged in a question and answer discussion. If the terrorist cooperated and answered all the interrogators questions as honestly and clearly the interrogation was totally cordial and nonviolent. Enhanced interrogation torture techniques were only used if (a) the terrorist refused to cooperate by refusing to answer questions or (b) used evasive psychological techniques to avoid answering questions; as confirmed by a psychologist as symptoms of evasive techniques used by soldiers to avoid answering questions.

The [enhanced interrogation techniques](#) included prolonged stress positions, hooding, subjection to deafening noise, sleep deprivation to the point of hallucination, deprivation of food, drink, and withholding medical care for wounds; waterboarding, walling, nakedness, subjection to extreme cold, confinement in small coffin-like boxes, and repeated slapping or beating. Interrogators were restricted to conducting the enhanced interrogation according to Judge Jay Bybee's [Torture Memo](#)'s wherein he clearly defined the lawfully approved 'enhanced interrogation techniques'.

There are neurological biological similarities between waterboarding and psychotronic manipulation of brain messages to the body. In waterboarding the interrogator physically restricts the body being tortured from receiving messages from the brain for a period of time ranging from 10 to 40 seconds; by restricting the brains access to oxygen; by covering the beings nose with water. In psychotronic manipulation of brain messages to the body; the brain EMF frequencies are manipulated by shutting them down for a period of time ranging from 10 to 40 seconds; by psychotronically restricting the brain from sending 'continue doing your work to allow the body to survive' messages to the necessary body parts.

Judge Jay Bybee and the CIA's definition of waterboarding is as follows: "In this procedure, the individual is bound securely to an inclined bench, which is approximately four feet by seven feet. The individual's feet are generally elevated. A cloth is placed over the forehead and eyes. Water is then applied to the cloth in a controlled manner. As this is done, the cloth is lowered until it covers both the nose and mouth. Once the cloth is saturated and completely covers the mouth and nose, air flow is slightly restricted for 20 to 40 seconds due to the presence of the cloth... During those 20 to 40 seconds, water is continuously applied from a height of twelve to twenty-four inches. After this period, the cloth is lifted, and the individual is allowed to breathe unimpeded for three or four full breaths... The procedure may then be repeated. The water is usually applied from a canteen cup or small watering can with a spout... [The CIA has] ... informed [Judge Bybee] that it is likely that this procedure would not last more than twenty minutes in any one application."

In [this interview](#) James Mitchell describes psychologists use of waterboarding as a torture interrogation technique to encourage terrorists to change their minds; and start answering the interrogators questions. In [this interview](#) Mitchell answers questions as to his motive for getting involved in enhanced interrogation techniques. In [Covert Operations of the NSA](#) John St Clair Akwei; a former NSA employee describes how the NSA can psychotronically manipulate the thoughts and bodily functions of any individual on the planet. Put differently; the NSA or any other nations intelligence agencies; such as Britain's MI6, or Russia's FSB/KGB; or Israel's Mossad; can remotely manipulate the thoughts of any one or more persons; and/or kill any one or more persons; by psychotronically shutting off the brain's signals to the heart; lungs, etc to 'survive and continue living'. They can also remotely by psychotronics manipulate internal organs in the body; such as induce a heart attack or stroke, pull a tendon or muscle; fill the lungs with water to induce pneumonia; and aggravate an already inflamed intestine to activate an gastrointestinal bleeding attack.

A copy of the [Covert Operations of the NSA](#) document is filed in three court proceedings: (i) John St Clair Akwei vs National Security Agency: Ft George G. Meade, MD, USA (Civil Action 92-0449); (ii) State v Lara Johnstone about the 18 June 2002 PW Airport bomb threat made via the George Herald; (iii) GMC 2578-14: Lara Johnstone v Frode and Talitha Moe.

Mitchell was later reported to have personally waterboarded Khalid Sheikh Mohammed.

On 12 July 2015: the day before Clive's collapse Lara wrote the following about collapse in her email to the American Psychological Association: "I have not read your entire report only perused it and did some keyword searches; because I am not sure whether the APA's motives to ask you to review these issues is remotely sincere in terms of [...] 'ethics' or 'sincere problem solving' of national security related matters. As Michael Ruppert [[Collapse & Apocalypse Man](#)] would say: [What do you want?](#)".

Clive Johnstone's Gastrointestinal bleeding – GI bleeding - collapse on 13 July 2015:

Summary: On the evening of 13 July 2015, at approximately 20:00 hrs Clive collapsed. He was revived by Ann and Lara; and taken to the mediclinic by Ann; where he was admitted to ICU. A doctor subsequently diagnosed his collapse as Gastrointestinal bleed aka GI bleed; from overconsumption of pain and anti-inflammatory pills.

Events prior to Clive's collapse: Clive came home from golf, made himself a pizza with avocado slicing on top. Clive then watched golf and had a hot chocolate. Clive then read his emails; which included an email from Lara. Clive then went back to the living room where Clive informed Ann that he was upset about the email Clive had received from Lara. Clive sat down and Ann later informed the rest of the Johnstone family on the private Johnstone Family group page; what happened to Clive with among others 'Papa gave us a big fright and collapsed'.

Detailed description of 'Pa gave us a big fright and collapsed' as experienced by Lara:

Lara heard Ann screaming Lara's name. At the time of hearing Ann scream; Lara was just about to read an article on Sputnik about a pineapple farmer. More specifically the article was about the Kremlin deciding to protect Russia's maritime borders with little yellow submarine's that look like pineapples.

Lara immediately stopped reading when she heard Ann screaming Lara's name; got up ran into the house.

When Lara got into the house she saw Clive sitting with his back to her on a chair in the living room in front of the television. Ann was holding his head. Ann was speaking to Clive in Afrikaans saying 'Its okay my husband, I am here next to you; I love you; God loves you'. She was also praying. Lara asked what was going on: Ann said 'Papa's dying'.

Lara went forward to help. She went to stand in front of Clive and held his hand on his legs listening to Ann talk to Clive and praying. Clive was sitting in the chair as if all his muscles had gone limp; his head back; held by ma; and his face, shirt and pants covered in vomit and big black lumps of something: about the size of a thumb.

For a while Clive did not appear to be breathing; his eyes had rolled back into his head; dribble kept coming out of his mouth, and he appeared to be unconscious. Ann and Lara remained next to him, and Ann continued to hold Clive's head up to keep his throat clear; so he could breathe and did not choke on the vomit. Ann continued to talk to Clive and God; while Lara remained silent; holding Clive's hand.

After a few seconds or minutes – time period unknown to Lara -- Clive appeared to start breathing again and energy appeared to return to his muscles; his eyes slowly returned from being rolled back into his head, indicating that he was conscious.

Clive later Ann that he could not remember what had happened to him, indicating that he had not been conscious during the collapse experience.

Ann told Lara to get a bucket; in case Clive vomited again; and to bring some towels to help to clean Clive up. Clive was conscious but weak. Lara went to fetch buckets and towels. Ann cleaned Clive and Lara helped her. After Clive had recovered enough energy to stand; Ann helped to undress to his underwear to get rid of all the puke and blood covered clothing; and to help him to slowly walk to the bedroom where she helped him to lie down.

Ann told Lara to get Clives dirty clothes from the buckets; and find some of the big black pieces of stuff that Clive had vomited out; put it in a small container so that Ann could give it to a doctor. Ann explained to Lara that she had said to Lara that ‘Papas dying’ because Clive was displaying the symptoms of what it looks like when someone is dying; that she had seen when other people were dying; when she was a nurse; working in a hospital. Specifically she mentioned how his eyes rolled back, all the muscles in his body relaxed as if they were no longer in contact with the brain; and discharge occurred from all orifices.

Ann and Lara thought that it would be better for Clive to go to the hospital; but Clive said he was okay; and just wanted to rest. Ann and Lara cleaned up the living room; kept on checking on Clive. Ann said Clive seemed okay and they should let him rest. Lara went to her room; where she lay down on her bed; reflecting on what had just happened with Clive.

A short while later Graeme and Hillary called. Hillary and/or Graeme had read Ann’s posting on the private Johnstone family Facebook group; where the Johnstone family share postings. Hillary and Graeme also suggested that Clive should be taken to the hospital. Ann decided to take Clive to the Mediclinic; and Lara offered to go with; stating that if Clive was admitted; and if he had a stroke or it was to be his last hours alive; she did not want him to die alone in the hospital room. She wanted him to know someone he knew was there next to him holding his hand during his last hours. Ann took Clive to the Medi-clinic; where he was admitted, and placed into Intensive Care Unit. Ann came home and informed Lara she could not go and sit with Clive in hospital because he had been admitted into Intensive Care Unit; and they don’t allow people to sit with family; so that the patients do not have to die alone.

14 July 2015:

Ann went to visit Clive in hospital. She returned saying Clive had been seen by a sweet doctor with a limp. The doctor said Clive had gastrointestinal bleeding also known as GI bleeding; but that they needed to do more tests. He would need to remain in ICU while they checked his poop for blood to see if or when the bleeding had stopped.

Cryptic communications occur everywhere from Joshua and Rahab's cryptic red cord/rope hanging from her window enabling the capture of Jericho in the Bible to Masonic War is Peace 'rule of law' Constitutional Court Judgements reliance on hidden – to the average layman – stare decisis rulings.

Examples of 'impossible coincidence' Global War on Terror Cryptic Messages:

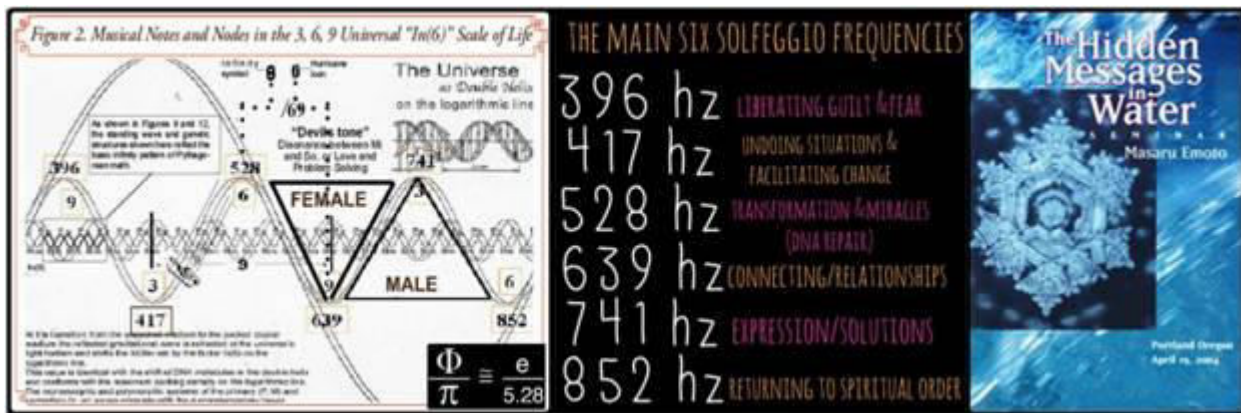

Peter Power and London Bombings:

On the morning of the 7 July 2005 London bombings: Peter Power, a former Anti-Terrorist Branch Metropolitan police officer and "crisis management specialist" informed a television news report that he was involved in a fictional drill for a client – later revealed as publisher and backer of the UK's largest arms fair: Reed Elsevier – “based on simultaneous bombs going off precisely at the railway stations where it happened this morning”. In an interview he gave to the Manchester Evening News he spoke of "an exercise involving mock broadcasts when it happened for real".

John Nash's Theories of Beauty, Problem Solving Cooperation and Messages from God:

John Nash was a mathematician; famous for his [Nash Equilibrium theory](#); for which he won a Nobel Prize for Economics. John Nash is the subject of the movie: [A Beautiful Mind](#); and the documentary: [A Brilliant Madness](#).

Beauty & Problem Solving Cooperation Theories:

In *A Beautiful Mind* and *A Brilliant Madness*; the Nash Equilibrium theory is described as a mathematical principle of cooperation. The principle of cooperation to implement an Ecology of Peace international law as opposed to competition over resources is based thereon. Put simply: That in any conflict; those who cooperate to share resources and resolve the root causes of the conflict; would have a better chance of success and winning the fight; than those who say 'the strongest' shall win all the resources; and have the right to enslave the weakest.

They are sitting in a bar and in walks a beautiful blond Aryan woman; and they all start getting ready to fight each other to take her on a date; and John Nash laughs and tells them: Why fight about the few women you consider to be physically beautiful in appearance; instead of redefining beauty and cooperating to help all women to become beautiful in character. If you fight for a few physically beautiful women; only a few men will win a beautiful woman; if you redefine beauty in terms of character; you can then cooperate to help all women to grow beautiful characters; then every man in the process helps his own character; and goes home with a beautiful woman.

Similarly if humans cooperate to implement an Ecology of Peace international law social contract; then all the energy that is currently wasted by individuals, religions and races to fight over resources will no longer need to be wasted on resources; and humans will have more time and resources to investigate ideas such as whether God does or does not exist; or any other issue of concern they are interested in investigating to seek the truth about reality; but currently cannot do so; because they are just joining one or other religion for ethnic or religious tribal resource war purposes; in their Planet of the Apes fight for survival.

Imagine if Adolf Hitler and Joseph Stalin had invited Mao Tse-tun, Franklin Delano Roosevelt and Neville Chamberlain to meet and discuss options for pooling their military resources to pressure the international legal community to implement an Ecology of Peace international law social contract; for the benefit of all individuals from all races, classes and religions interested in Ecology of Peace responsible freedom?

Imagine if Nelson Mandela and the ANC had invited Hendrik Verwoerd and the National Party to meet and discuss options for leading the world towards an Ecology of Peace international law social contract; by working together to implement an Ecology of Peace social contract for an ethical responsible freedom South Africa?

Messages from God Theories

In the documentary [A Brilliant Madness: A Mathematical Genius Descent into Madness](#); John Nash talks about how he attempted to mathematically calculate the probability of the existence of God; by attempting to determine the 'normal' probability for any coincidence event to occur; and if or where any highly improbable coincidence event occurred; which was not man-made; considering whether highly improbable coincidence events could be messages from God.

Erhan Cinlar: "From time to time you would see in your office, you know under the door a huge number of sheets that has been worked out the night before computing the probabilities of certain coincidences. Very detailed computations. He was attempting to prove the existence of God."

John Nash: "I felt I might get a divine revelation that seeing a certain number of [above normal] coincidences; could be interpreted as a message from Heaven."

In Lara's personal opinion: in an age where military agencies have access to technology that includes mind reading and manipulating the thoughts, behaviors and actions of individuals, animals, the weather; etc; if or where any individual perceives any event with an above normal number of highly improbable coincidence's; it would have to be verified that such improbable coincidence was not the result of (a) military agencies using military technology to manipulate events; (ii) extraterrestrial beings using extraterrestrial technology to manipulate events; before (c) any consideration could be given to whether it could be a message from God.

Lara's observation of possibly above normal improbable coincidences:

Re: "Lara heard Ann screaming Lara's name. At the time of hearing Ann scream; Lara was just about to read an article on Sputnik about a pineapple farmer. Michael Ruppert committed suicide on 13 April 2014; exactly 13 months before Clive Johnstone's GI Bleed attack on 13 July 2015. At the time of Mike's suicide he was living in a trailer in Tubbs Lane, Napa; on the property of Jack Martin.

The number '13' is of important significance to Freemasons. See: [Occult symbolism in the 11 September Destruction of the World Trade Center Tower & Pentagon Attacks](#).

Ann had always joked that Lara should marry a pineapple farmer; because Lara loves pineapples.

Re: 19 June Death of Malcolm Cummins from Wilderness; the husband of Jana Cummins; GI bleeding attack.

Lara's original bomb threat to the PW Botha airport occurred on 18 June 2002.

18 June is the anniversary of – among others -- the mutual Suicide Murder of Czech Resistance agents: Jan Kubiš and Jozef Gabčík; who saved their last bullets for themselves; in Prague's Cyril and Methodius Cathedral shootout on 18 June 1942; due to their Operation Anthropoid assassination of Reinhard Tristan Eugen Heydrich on 27 May on a tram U-bend in Prague. Heydrich died due to horse hair in seat of car that caused an infection. Heydrich was Stellvertretender Reichsprotektor / Deputy Acting Reich-Protector of Bohemia and Moravia, now the Czech Republic; at the time; and previously had chaired the January 1942 Wannsee Conference, which formalised plans for the Final Solution to the Jewish Question—the deportation and genocide of all Jews in German-occupied Europe.

The Czech version of Jan Kubis name is Jana.

As noted above the letter Lara wrote to the American Psychological Association; which upset Clive; contributing to his GI bleeding attack; was about enhanced interrogation tactic methods used by SERE: Survival, Evasion, Resistance and Escape; as developed by James Mitchell at Fairchild Air Force Base; used after the World Trade Center Attacks on terrorists who refused to cooperate by refusing to answer questions or used evasive psychological techniques to avoid answering questions. These SERE tactics were first publicly revealed in the movie: [GI Jane: SERE Island Training Facility Captiva Island Florida.](#)

The Nazi Wannsee Conference was focused on answering the question: Who or what is a Jew?; and consequently who should be removed from the planetary genepool?

The Ecology of Peace version of the 'Jewish question' is the 'scarcity combatant' question: Who or what is a scarcity combatant; and how, when and by whom should they be removed from the planetary genepool?. See: EoP v WiP NWO negotiations [PDF]: US Army Reserve Command Ft Bragg NC: Culture Change to EoP Honour Ecofootprint Shrinking Lifeboat Ethics.

Lara's 29 December 2015 correspondence to International Criminal Court: Judge Silvia Fernandez de Gurmendi [PDF]: Re: ***EoP ICC Private Pros: EoP PoW's -v- Nobel Committee & Peace Laureates et al***; which mentioned Karen Marshall; provides Lara's detailed submission -- in village idiot language that can be understood by any village idiot; and does not require a law degree to understand -- to the International Criminal Court; as to whom the Ecology of Peace culture consider to be an eco-innocent and whom is a 'scarcity combatant' contributing to planetary resource scarcity and resource war violence. It also clarifies how scarcity combatants -- irrespective of their religious, racial or national identity -- can be honourably legally notified that they are scarcity combatants; and provided the opportunity to apologize for their former scarcity combatant behaviour and commit to cooperating to implement an Ecology of Peace international law social contract; and if they refuse how they can be humanely given psychotronic instant death; and their dead bodies can be disposed of by being placed in former granary silo's to be converted to compost.

Malcolm X was a well-known African American Muslim; who was assassinated on 21 February 1965. He was hated by many -- white and black -- because among others (a) he was a black man who 'made it plain'; in other words he spoke in plain simple village idiot language negroes could understand; (b) he was incorruptible. When he found out that his own Muslim church leader; whom he had loyally served; was corrupt and a liar and deceiving the Muslims he called his 'flock'; he did not cover it up; or pretend he did not notice; he confronted his Muslim pastor: Elijah Mohammed and when Elijah Mohammed refused to amend his ways; he left the church and exposed Elijah Mohammed.

Lara has often used Malcolm X quotes in Ecology of Peace culture negotiations:

"Unlike plagues of the dark ages or contemporary diseases we do not yet understand, the modern plague of overpopulation is soluble by means we have discovered and with resources we possess. What is lacking is not sufficient knowledge of the solution but universal consciousness of the gravity of the problem and education of the billions who are its victims. The only way our overpopulation and overconsumption problems can be solved. First the white man and the black man have to be able to sit down at the same table. The white man has to be able to feel free to speak his mind without worrying about hurting the feelings of the negro. The so-called negro has to feel free to speak his mind without worrying about hurting the feelings of the white man. The soldiers have to be able to feel free to speak their minds without worrying about hurting the feelings of the civilians. The civilians have to feel free to speak their minds without hurting the feelings of the soldiers. Then they can bring the EoP v WiP issues that are under the rug out on top of the table and take an intelligent approach to get the problem solved" [Amended: Martin Luther King: [Margaret Sanger Human Rights Award Acceptance Speech 1966](#); Malcolm X: [Make it Plain](#)].

The bombs used by the Brussels bombers were suitcase nail bombs.

On the morning of 22 March 2016, three coordinated nail bombings occurred in Belgium: two at Brussels Airport in Zaventem, and one at Maelbeek/Maalbeek metro station in Brussels. In these attacks, 31 victims and three suicide bombers were killed, with a fourth suspect on the run, and 300 people were injured. Another bomb was found during a search of the airport. The organization Islamic State of Iraq and the Levant (ISIL) claimed responsibility for the attacks. The bombings were the deadliest act of terrorism in Belgium's history.

Number 13: One bomb did not activate; 3 did activate: 2 activated in airport; 1 activated in metro.

Nail bomb:

The nail bomb is an anti-personnel explosive device packed with nails to increase its wounding ability. The nails act as shrapnel, leading almost certainly to greater loss of life and injury in inhabited areas than the explosives alone would. The nail bomb is also a type of flechette weapon. Such weapons use bits of shrapnel -- steel balls, nail heads, broken razors, darts and bits of metal -- to produce a large radius of destruction.

Former terrorism nail bomb incidents:

PNG: Replication of IRA member John Antony Downey's 20 July 1982 nail bomb; mounted in a blue Austin parked on South Carriage Drive in Hyde Park that killed four Blues and Royals soldiers, and seven horses of the Royal Household Cavalry, as they rode from their Barracks to the Changing of the Guard ceremony at Buckingham Palace. Less than two hours later, a second explosion in a Regents park bandstand killed seven Royal Green Jackets bandmen. | Surviving Sefton gives and receives a kiss upon arrival at the Army Vets Center. | Dead horses in Hyde Park covered by blankets.

Dix, New Jersey Army base; exploded in their Greenwich NY apartment at 18 West 11th Street | Member of the Weather Underground: William Charles "Bill" Ayers being arrested on 27 August 1968.

PNG: David Copeland aka London Nail bomber set off three nail bombs in London on 17, 24 and 30 April 1999; respectively in Brixton Market; Electric Avenue, Brixton; Brick Lane and the Admiral Duncan Pub in Old Compton Street; after reading The Turner Diaries. Copeland was employed as an engineers assistant; as well as being the regional leader of the National Socialist Movement at the time; of the bombings. | 9 June 2004 nail bomb detonated by Nationalist Socialist Underground members in a popular Turkish shopping quarter called "Little Istanbul"; as part of their Kebab Doner murders of Turkish immigrants. Members included: Beate Zschaepe; Uwe Boehnhardt and Uwe Mundlos; the latter two who committed suicide; resulting in Zschape destroying the evidence by bombing their house in Zwickau on 04 November 2011. Their claim of responsibility was revealed on a DVD found in the Zwickau ruins.

 If your activism to end racism, slavery, oppression, climate change; food shortages, food inflation, cost of living increases, urban sprawl, traffic jams, toxic waste, pollution, peak oil, peak water, peak food, peak population, species extinction, loss of biodiversity, peak resources, climate change, feminism, nazism, Islamism, capitalism, communism, militarization of police, etc; does not include discussion of the root – ‘right to breed / consume with total disregard for ecological carrying capacity limits’ clauses of the Masonic War is Peace social contract – overpopulation and consumption causes of those socio-economic, psycho-political and ecological resource war problems; your activism is just another ‘[Its not about the Nail](#)’ Masonic War is Peace Bullshit the Public Relations Stunt.

If the nail you are hammering is to abolish the Masonic War is Peace social contract and replace it with an Ecology of Peace social contract; then that nail is simultaneously addressing a multitude of ecological overshoot problems: whether crime and violence, unemployment and poverty, food shortages, inflation, political instability, loss of political freedoms, conformist political correctness, vanishing species, garbage and pollution, urban sprawl, traffic jams, toxic waste, resource depletion, etc.

Put simply the nail is in the bulls eye target zone, and each hammer strike, sends problem solving solution ripples to each of all of these problems; whereas if you find a nail and stick it in only one of these problem areas; each hammer strike is pointless; because in the absence of addressing the root cause of the problem: Masonic War is Peace 'right to breed/consume with total disregard for ecological carrying capacity limits' social contract; the particular problem you are focused on is only going to get worse; as the tap of overpopulation / overconsumption-ecological overshoot resource scarcity grows and grows and grows.

Lara has dozens more observations of such above normal; possibly psychotronic Military Gods of Death cryptic Coincidence's; as per her correspondence to FSB: Gen Bortnikov and NSA: Adm Rogers [\[PDF\]](#).

EoP Applicants Request Assistance of Counsel Background Info:

On behalf of the EoP Applicants complaint to the International Criminal Court: [EoP PoW's –v– Nobel Committee & Peace Laureates et al](#); as Acting EoP Clerk; I submitted Requests for Assistance of Counsel [PDF] to numerous International and South African attorneys and advocates. South African attorneys, advocates and judges contacted with Request for Council being:

- **Sandile Ngcobo [PDF]:** Sandile Ngcobo is the former Chief Justice of the South African Constitutional Court. Justice Ngcobo approved the submission of an Ecology of Peace Amicus Curiae in the matter of *The Citizen v Robert McBride*; which argued that South Africa's Truth and Reconciliation Commission proceedings were fraudulent; because they failed to consider overpopulation and overconsumption as causal factors for Apartheid ethnic, racial and ideological Cold War proxy resource conflict. None of the original parties; or other Amici in the matter were willing to address the issues raised in the Ecology of Peace Amicus. No response received.
- **Paul Kruger [PDF]:** Paul Kruger is the counsel for the Volksraad Verkiesing Kommissie; which is an Afrikaner organization setup to organize and monitor fair elections amongst Afrikaner South Africans; for a Volksraad to legally negotiate with the South African Government; for Afrikaner Secession to establish an Afrikaner Republic. Paul Kruger response: Not interested.
- **Karen Marshall [PDF]:** Karen Marshall is a retired former SA Judge who lives in Wilderness, South Africa. Ms. Marshall provided verbal legal assistance; refused to put it in writing.

A separate honourable transparency copy of this correspondence shall be provided to Sandile Ngcobo; Paul Kruger & Karen Marshall.

Colonel Eugene de Kock:

Colonel Eugene de Kock: Request for Information

I am looking for an honest person; who is willing to consider the following request; which is one a few options I am considering with regard to honourably and transparently resolving [EoP v WiP](#) NWO negotiations.

Request: Honest Person to Confirm my Assisted Suicide in Russia for my parents: Clive and Ann Johnstone:

Summary: I need an honest person to (a) meet my parents; (b) accompany me to travel to Russia: Siberia; (c) make sure that my body is disposed of in the Siberian wilderness in an unmarked grave; after I have committed suicide in the Siberian wilderness; (d) notify my parents of your confirmed knowledge that I departed the planet by suicide on my own terms; and that my body was buried by yourself; in the Siberian wilderness in an unmarked grave.

The only person in South Africa I know of; who values sincere buck stops here honesty; is yourself. Perhaps you know other South Africans who value sincere buck stops here honesty. I don't. Years ago I thought people such as Nelson Mandela, Archbishop Tutu and Patricia de Lille valued sincere buck stops here honesty; but I was very wrong.

If you are willing to help me with the request; then discussions can ensue to discuss my request in more detail for clear agreement by myself, yourself and my parents; and to resolve all legal issues; via written and/or if needed court proceedings; such as travel permission from Russian authorities for your and my travel to Russia; and their consent for my departure and burial request; and SA Dept of Corrections parole authorities for you to travel to Russia; and basic legality of all details regarding the request. Magistrate Torlage has recently confirmed for my parents as part of Lara Johnstone v Clive Johnstone court proceedings; that it would be legal for my parents to financially help me to travel to Switzerland to the Dignitas Assisted Suicide clinic. Its very expensive and my preference – which I imagine would be cheaper -- would be to die in Russia and be buried in the Siberian wilderness near Lake Baikal. Our negotiation discussions and if agreement is reached: my suicide and burial in Russia shall be [psychotronically monitored](#) and recorded by NSA and FSB officials; as all EoP v WiP NWO negotiations I have been involved in have been; for the past 15 years.

My preference would be Timothy McVeigh and/or Michael Martin; but fifteen years of attempts to request American and South African authorities to support an Ecology of Peace Truth Commission; regarding the Oklahoma City Bombing and/or Apartheid State and ANC acts of terror; were conditionally approved for consideration by Pentagon officials; but have so far been refused for the past 15 years; by Oklahoma City Bombing Prosecutors and Accused Counsel; South African politicians, lawyers, prosecutors, judges; Archbishops, psychologists, Truth and Reconciliation Commission officials, etc.

If you are willing to sincerely consider my request; and have questions; which I imagine you may have; I can ask my parents if they shall allow you to come and live in our home, in the spare bedroom; for the time period of you making a fully informed enquiry into my request; where you may ask any question you want regarding my motives or efforts to find alternative legal, political and/or military options for resolving the aforementioned Ecology of Peace social contract issues; and I shall provide you with written buck stops here answers to your questions; before you make your final decision about my request.

More information on my Assisted Suicide to Russian Officials is in a Notice of Motion Draft Application; which I filed in George Magistrates Court: Case 5048-15: [Lara Johnstone v Clive Johnstone](#): 04 December Filing: Current Status of Negotiations: Search for Culturally Sensitive Assistance of Counsel for Respondent: Annexure: E: 29 Nov 2015: [Amended Notice of Motion 01 PDF](#); (ii) [Founding Affidavit PDF](#); (iii) 06 November 2015 correspondence to Timothy James

Transparency Disclosure:

There are a few SIGINT indications indicating the possibility that you; and other individuals; were being [psychotronically manipulated](#) by military intelligence agencies; with regard to your recent appearance at the Franschoek Literary Festival.

As noted in 01 February 2015 correspondence *VPutin New-or-No Rules Q: | A: ANC Alleged Promise of Parole of Vlakplaas Commander: Eugene de Kock*; documented in SA Courts WiP Only Enquiry [\[PDF\]](#); I avoid providing EoP interpretations of possible International military intelligence psychotronic manipulation of South African individuals; if or when such interpretation may contain information that may offend some fragile ego African, Afrikaner or English European South African; who prefers gatkruijing to honesty.

“As per my interpretation of – among many others – the rulings of Magistrate Louw in [CAS 1340/7/07: State v Johnstone](#); Magistrate ADS Meyer in [B 121-03: State v Johnstone](#); South Africa’s Law Societies and Bar Associations, Public Protector, Commission for the Promotion and Protection of the Rights of Cultural, Religious and Linguistic Communities, SA Press Ombudsman; Constitutional Court Justices in [Alien on Pale Blue Dot v SANEF](#); [Alien v Afriforum et al](#); South African ‘Viva Mandelapota’ legal establishment; with the unequivocal endorsement of Viva Mandelapota International legal bodies: Amnesty International, Human Rights Watch, Office of the United Nations High Comm. for Human Rights and the International Bar Association have repeatedly by actions of commission and/or omission; ruled that “The Radical Honoursty Ecology of Peace culture has fuck all legal standing in South Africa’s Mandelapota Masonic War is Peace courts.

[..]

In the absence of any South African Masonic War is Peace court recognizing my legal standing, as a member of an Ecology of Peace Radical Honoursty culture; I shall not be providing any Ecology of Peace Radical Honoursty interpretations with regard to any possible offensive interpretations of any of South Africa’s Mandelapota juridical, police, political, media, corporate, religious elite public officials ‘Masonic War is Peace lets pretend we give a fuck about racial reconciliation while doing sweet fuck all about the ecological and egological illiteracy root causes of resource conflict’ actions of commission and omission; as per their demands relayed via aforementioned – “The Radical Honoursty Ecology of Peace culture has fuck all legal standing in South Africa’s Mandelapota Masonic War is Peace courts” – rulings.”

A copy of my Ecology of Peace observations and interpretations of possible military intelligence psychotronic manipulation of International geopolitical events are detailed in various EoP v WiP NWO Negotiations correspondence; as updated to [MILED Clerk Notice](#): in among others: (i) EoP v WiP NWO Negotiations: [Comments Correspondence](#) and (ii) [EoP Axis Military Necessity Evacuation](#): EoP Applicants: Request for Assistance of Counsel: FSB-NSA: Correspondence to FSB: Gen Bortnikov and NSA: Adm Rogers [\[PDF\]](#): EoP Interpretation Forensic Data [\[PDF\]](#)

A honourable transparency electronic or landmail copy of this correspondence shall separately be provided to: [I] Magistrate Louw in [CAS 1340/7/07: State v Johnstone](#); Magistrate ADS Meyer in [B 121-03: State v Johnstone](#); South Africa's Law Societies and Bar Associations, Public Protector, Commission for the Promotion and Protection of the Rights of Cultural, Religious and Linguistic Communities, SA Press Ombudsman; Constitutional Court Justices in [Alien on Pale Blue Dot v SANEF](#); [Alien v Afriforum et al](#); for their records and/or response; and recorded at [EoP Legal Submissions](#) in: ZA: WiP Only [\[PDF\]](#); Confirmation that Mandelaploia South Africa's courts are Masonic War is Peace courts; i.e. for Masonic War is Peace culture citizens only; [II] Oklahoma City Bombing Prosecutors and Accused Counsel and recorded in: Ecology of Peace culture correspondence regarding the Oklahoma City Bombing and the faked execution of Timothy James McVeigh [\[PDF\]](#).

All correspondence to MWeb Board of Directors, Legal Department and Technical support for the past 2 years – where I have informed them of among others (i) hacking of jmcswan email or adsl access; (ii) that the 21 January cable outage for internet access for Africa – which I informed Karen Marshall about -- was possibly a military intelligence message from Russian or American military intelligence: NSA and/or FSB; related to Ecology of Peace v Masonic War is Peace Negotiations; is available in EoP Applicants: MWeb [PDF].

Below is the most recent correspondence to MWeb: General Manager: Ettiene Cloete; MWeb legal department; and ISPA: Internet Services Providers Association.

I have asked MWeb Board of Directors if they have read all the EoP Applicants: MWeb [PDF] correspondence; and if they don't understand any words or concepts; to clarify what they don't understand so I can explain it to them. They have not answered me about whether they read it; and if so; whether they understand it all.

Possible ET Military God consequences if EoP v WiP NWO Negotiations are dishonourably terminated:

I don't know what FSB, NSA and/or Mossad will do if EoP v WiP negotiations are dishonourably terminated.

What have the FSB, NSA and/or Mossad psychotronically manipulated in the past; with regard to EoP v WiP Negotiations?

World Trade Center Attacks; Bombing of Iraq; Japan Tsunami; Indian Ocean Boxing Day Tsunami; hundreds of terror attacks; school shootings; airline crashes: MH17, MH37, FlyDubai Flight 981, Clive's GI bleeding attack; death of Malcolm Cummins; assassination of Jo Cox, etc.

They took 86 year old priest Jacques Hamel, three nuns and two parishioners hostage; later killed Hamel; and were shot dead by police. Hamel formerly was a vicar at the St. Antoine church in Le Petit-Quevilly, a vicar at the Notre-Dame de Lourdes church in Sotteville-lès-Rouen, a parish priest at Saint-Pierre-lès-Elbeuf, and a parish priest in Cléon - [Wikipedia](#).

Cable International Outage of Internet Access for South Africa or Africa:

In the 30 March 2016 letter to Karen Marshall [[PDF](#)]; where Lara asked Karen to answer some questions regarding her verbal legal advice to Clive Johnstone; Lara also referred to her correspondence to MWeb:

With regard to Karen Marshall's refusal to put her verbal legal advice to Clive Johnstone in writing:

[GMC 5048-14: Lara Johnstone v Clive Johnstone](#) Summary Update:

03 December 2015 to 19 January 2016:

After Karen Marshall refused to put her legal advice to Clive in writing [[PDF](#)]; and refused to (a) withdraw her legal advice to Clive; or (b) provide Clive a reason for her refusal to put her legal advice to Clive in writing; Lara drew up an Amended Notice of Motion to file before the 19 January date.

The Amended Notice of Motion included Karen Marshall as a respondent; and asked Karen Marshall (a) to provide Clive with her legal advice in writing as part of court proceedings; or (b) withdraw her legal advice to Clive; or (c) provide a reason for her refusal to put her legal advice to Clive in writing.

At the same time Lara was drawing up the Karen Marshall Amended Notice of Motion Lara was informed by MWeb of the repeated possible threshold choke hacking of the Johnstone MWeb account: JMCSWAN.

Lara contacted MWeb Technical Department and MWeb Board of Directors Legal Counsel: Richard de La Harpe [[PDF](#)]; to inform them of the possible hacking; and that it was Lara's working hypothesis conclusion that the hacking was done by Russian and American

military intelligence; more specifically: someone at the NSA and/or FSB; and Lara's working hypothesis conclusion as to their motives for the hacking.

During Lara's correspondence with MWeb; (i) two of MWeb's cables to Europe went down on the same day at the same time; an extremely unusual coincidence; according to them; and (ii) Lara's computer was again hacked; and this time the Karen Marshall Amended Notice of Motion; that Lara had drawn up to file to the court; in Lara Johnstone v Clive Johnstone case had been remotely deleted from Lara's computer.

Lara informed Clive that the Amended Notice of Motion had been hacked and deleted from her computer.

The following are excerpts of an email I wrote MWeb Board of Directors [PDF] on 23 January 2016; informing them that the cable outages that shut down Africa's access to the internet for four hours; could possibly have been psychotronically deliberately manipulated by the NSA and/or FSB; as a cryptic message related to Ecology of Peace v Masonic War is Peace negotiations.

Summary Conclusion: Seacom: Northern Trans-Egypt route was damaged between Cairo and Alexandria, while the Southern Trans-Egypt route was damaged on the outskirts of Cairo; allegedly due to civil construction. WACS: West African Cable System which connects Yzerfontein north of Cape Town to London, had a terrestrial connection fault somewhere between the Wacs cable landing station and a telecoms centre in London, UK.

If – note I said **If** – the SEACOM and WACS undersea cables simultaneous failure was (a) not a natural coincidence; and (b) psychotronically manipulated; and (c) such covert manipulators cryptic message is related to [Ecology of Peace culture legal submissions to South African and international courts](#); to honourably and transparently put forth the [political and military necessity](#) need for the [implementation of an Ecology of Peace international law social contract](#); (d) herewith my EoP interpretation subject to [Ecology of Peace Radical Honoursty culture Information Quality Operations caveat](#).

It is possible the SEACOM and WACS cables simultaneous failure was the FSB and/or NSA attempting to provide more conclusive evidence to their involvement in the MWeb throttle parameters overload hacking; I informed MWeb about in 14 January 2016 correspondence to CEO: Derek Hershaw; CFO: Rochelle Gabriels; GM: Etienne Cloete; Eugene van der Westhuizen via MWeb Senior Counsel: Richard De La Harpe; CC: NSA & FSB [PDF]; Subject: *R De La Harpe: RE: Notice to MWeb Technics of FSB & NSA Possible Hacking of account:044-870-7239; Username: jmcswan.*

International Internet blackout:

The following is an excerpt from: 23 April 2016: 2:59 PM correspondence: Ecology of Peace Interpretation Forensic Data [PDF]: *NSA & FSB: EoP Int: 22 Apr Earth Day Local Events: JAG Steel Law & Stan McChrystal 'root cause problem solving vs wacking a mole' blackout.*

Blackout:

"No one could predict what is about to happen. Nobody is allowed into city hall cause the metal detectors arn't working. ... One hundred power plants shut down affecting fifty million people in two countries... An emergency has been declared in New York State. In a matter of seconds, fifty million people simply fall off the grid. Phone lines and water systems fail. Thousands of people

are trapped in elevators and subways. ... It is August 14th, 2003... and the largest blackout in North American history causes six billion in damages. The official cause: overgrown trees on the power lines; but there is more to this story than troublesome trees. Just three days earlier on August 11th, someone, somewhere released one of the most damaging computer viruses ever written. Blaster. F-Secure Niko Hepannin... Did a computer virus somehow contribute to the Blackout.? Bonnie: We could certainly shut down the United States critical infrastructure; I would assume within a day. Dedicatedly I would give it one week of research; one day to take it down. That means taking out the power grid; it means taking out the communication power; it means taking out probably the military capacity of the United States; to function properly. We would probably go into a police state at that point. [Is that an exaggeration?]. No I don't think so. stormworm alone has infected at least fifty million computers; and it has not been used for anything; so there is this hovering literally perfect storm; of potential attack; so the concern is that if the storm worm has created all these compromised computers; and in themselves created this almost massive computer; and if very bad people have control of this; they may be able to do very bad things; on a very very big scale.” -- [Web Warriors](#).

A transparency copy of this correspondence shall be provided to Magistrate Torlage; via the Clerk of the Court; in the matter of Lara v Clive Johnstone.

Respectfully,
