**Mahesh C Mehta: Ecology of Peace ICC Private Prosecution Assistance of Counsel Request**

I am writing to various attorneys and/or paralegals who appear cognitively capable of outside mainstream normal legal thinking, research and advocacy; to assist the lead counsel in an Ecology of Peace private prosecution application to the International Criminal Court.

A short summary of all attorneys contacted to request assistance of counsel and all correspondence to them, including this one; is available at: [EoP ICC complaint: Request for Assistance of Counsel \[PDF\]](#).

If Judge James Gray agrees to the invitation submitted to him; it has been my suggestion that he be lead counsel who can represent mainstream military and peace principles and experience; but also 'outside the mainstream normal box' legal thinking and advocacy.

Summary of Assistance of Counsel Requested as per request to Judge James Gray [\[PDF\]](#); with minor accuracy edits:

Legally confirm:

1. EoP Applicants as ICC Private Prosecution Applicants. If confirmed.
2. PM Netanyahu & Mossad consent as EoP Axis Coercion. If confirmed.
3. EoP Axis Officials Heads of State confirm their intent to act as EoP Axis.

If confirmed:

4. EoP Axis Officials confirm EoP Axis Military Necessity Evacuation Orders to NSA, FSB, NATO & People's Liberation Army of China; in the event coercion of any ICC respondents is considered necessary.

ICC Filing of:

5. EoP PoW's –v– Nobel Committee & Peace Laureates et al; or
6. EoP PoW & GMACCC –v– Cop21 Min of Environment Signatories; based upon EoP PoW's –v– Nobel Committee & Peace Laureates et al 'crimes of aggression' and 'EoP Cop21 Simple Root Cause Problem Solving Recommendation to Political Parties'.

I am only a paralegal who has been acting as a pro-bono pro se applicant and pro bono clerk for other applicants who have been acting as plausible deniable pro-bono applicants along with another set of plausible deniable observers; and the aforementioned summary is simply my suggestions not only to any formal assistance of counsel or lead counsel attorney; but also to applicants and observers.

I shall deal with them in a bit more detail; in what I consider logical order.

***Legally confirm EoP Applicants as ICC Private Prosecution Applicants.***

Short summary biographies of the applicants and observers is available at EoP Axis Applicants [\[PDF\]](#).

The pro bono applicants are: Nanette Derenzi: former US Navy Judge Advocate General; Dennis McGinn: Assistant Secretary of the Navy: Energy, Installations & Environment; Timothy McVeigh: OKC bomber currently employed at NSA; Erik Prince: Former Founder of Blackwater; Vladimir Putin: President of Russia; David Petraeus: Former CIA Director; Stan McChrystal: McChrystal Group; Ray O'Dierno: Former US Army Chief of Staff; John Mulholland: current CIA Pentagon liaison.

The pro bono observers have been: Jay Bybee: Judge at United States Court of Appeals for the Ninth Circuit; David Coombs: Bradley Manning attorney; Zbigniew Brzezinski: former advisor to President Carter; Generals: Dana Pittard; Herbert Raymond McMaster, George Flynn and James Mattis; John W. Whitehead: Constitutional Attorney; Donald Rumsfeld: Former Sec of Defence; Supreme Court Justices via DoJ: SupremeCtBriefs; Holy See in London; Grand Lodge of TX: Grand Secretary; Arif Hasan Akhundzada: Pashtun Pakistan citizen and the Principal at DRC 2: a Pakistan Army Taliban De-Radicalisation Centre at Bara.

*Re: plausible deniable applicants and observers:*

According to my observation two of the applicants could be considered plausible deniable committed to the implementation of an Ecology of Peace international law social contract. They are Timothy McVeigh and Vladimir Putin.

I imagine Timothy McVeigh shall remain plausible deniable until Pres Bush and/or Governor Gray Davis legally confirms his 11 June 2001 faked execution. Those negotiations can be found in: *Ecology of Peace culture correspondence regarding the Oklahoma City Bombing and the faked execution of Timothy James McVeigh* [PDF]. I imagine Vladimir Putin shall remain plausible deniable until (i) the issue of McVeigh's faked execution is resolved; and/or (ii) Israel ICC coercion issues are confirmed; although I could be wrong on both those counts; and President Putin may be willing to discard his plausible deniability based upon the same grounds as the plausible deniable working hypothesis enquiry applicants. One thing I have little doubt about is his level of EoP commitment.

The other applicants I would classify as closer to plausible deniable working hypothesis enquiry; some closer to committed and others closer to enquiry; where exactly on that scale they would fall; I don't know. I imagine they would tilt closer to committed with a qualified counsel on board; particularly one who could not only represent both military and peace principles; but also 'outside the mainstream normal box' legal principles; such as Judge James Gray.

***Filing of: EoP PoW's -v- Nobel Committee & Peace Laureates et al or EoP PoW & GMACCC -v- Cop21 Min of Environment Signatories:***

*Summary: EoP PoW's -v- Nobel Committee & Peace Laureates et al*

This is a private prosecution complaint to the International Criminal Court in terms of Rendulic Rule Military Necessity doctrine; CA, UK, US & RSA Common Law Private Prosecution doctrine; Rome Statute: Art.5, 6, 7, 8 & 15; ICC Code of Judicial Ethics: Art 4, 5(1), 7 & 11.

Purpose: Nuclear Freedom Mutual Coercion Military Necessity for the Implementation of an Ecology of Peace international law social contract. Charges: Crimes of Aggression Acts of War.

Accused Respondents:

Norwegian Nobel Committee; Nobel Peace Laureates; Bank of Intl Settlements; Inter-American Dev Bank; APRACA: Asia-Pacific Rural & Agriculture Credit Assoc; WFE: World Fed. of Exchanges; OICU-IOSCO: Intl Org of Securities Commissions; IAEA: Intl Atomic Energy Agency; NEI: Nuclear Energy Institute; WCA: World Coal Assoc.; UN General Assembly States & UNDP / UNFPA / UNOPS Executive Board Secretariat.

Accused Respondents have the option of (i) consenting to private prosecution proceedings; to willingly hold themselves accountable to take responsibility for their crimes of aggression acts of war overconsumption and/or procreation and voluntarily cooperate; or; (ii) refusing to consent and hence being coerced to cooperate; to nonviolently deindustrialize and reduce consumption and procreation to ecological carrying capacity limits; through specific actions requested of them.

All documents can be found at: [EoP ICC complaint](#) The most recent – 27 October 2015 draft [PDF]. Excerpts:

-----  
Ecology of Peace Decalogue Commandment definition for ‘crimes of aggression acts of war; is as follows: “Any individual who is found guilty of advocating on behalf of, legislating, enforcing, or obeying any – cultural, religious, common, statutory, constitutional, or international – ‘scarcity combatant’ social contract; which enables or advocates on behalf of human procreation, consumption or production of resources that transgress ecological carrying capacity limits, is guilty of the ‘crime of aggression act of war’.”

***Carrying Capacity Sustainability: I=PAT Equation:*** For activities to be genuinely sustainable it must be possible for them to continue indefinitely. The impact of humanity on the environment and the demands that people place on the resources available on the planet can be summarised by what is known as the Ehrlich or IPAT equation,  $I=PAT$ . I = impact on the environment or demand for resources, P = population size, A = affluence and T = technology. The two most important conclusions deriving from this IPAT footprint relationship are that: (i) the Earth can support only a limited number of people, at a certain level of affluence, in a sustainable manner; and (ii) Population and Consumption must be reduced to below carrying capacity.

***Carrying Capacity aka Biocapacity Limits:*** “The maximum number of individuals that can be supported sustainably by a given environment is known as its ‘carrying capacity’. Worldwide the total amount of biologically productive land and sea amounts to 12 billion global hectares (gha); or 1.8 gha each if divided by 6.7 billion each. Guerrilla Laws are drawn up in accordance with the proactive conservation policies of Bhutan, who set aside 40% of their biologically productive to be returned to its natural state, for other species and wildlife conservation purposes; then that means that the total amount of biologically productive carrying capacity land available to humans is 60% of 12 billion; which amounts to 7.2 billion gha total; or 60% of 1.8 gha, which is 1 gha each. Population factor is relevant, because the more humans there are, the less biologically productive land there is for everyone else.

***Consumption Violation Sentences:*** Individuals found guilty of violating consumption social contract limits; would be required to (A) either relinquish their excess consumed products; or if already spent pay an appropriate financial fine; to a conservation trust fund or similar; and (B) sign a legal agreement – similar to the MILINT Earth Day Ecology of Peace Oath [\[PDF\]](#) – with law enforcement authorities to commit to consuming below carrying capacity limits, and failing to honourably do so authorizing a Judge to authorize law enforcement officials, to remove their dishonourable genes from the national genepool.

***Procreation Violation Sentences:*** Individuals found guilty of violating procreation social contract limits; would be required (A) to (i) relinquish said child for adoption (if wanted to be adopted by a family) and agree to be permanently sterilized; and (ii) sign a legal agreement – similar to aforementioned MILINT Earth Day Ecology of Peace Oath – with law enforcement authorities to commit to consuming below carrying capacity limits, and failing to honourably do so authorizing a Judge to authorize law enforcement officials to remove their dishonourable genes from the national genepool; (B) if no adoptive family is found; both parents and children are to be given their choice as to how they prefer to be humanely executed.

***Crimes of Aggression Acts of War Sentencing:*** Military and Intelligence agency officials shall deliver the humane and orderly ‘genepool cleansing’ termination by assassination sentencing of all convicted accused; whose scarcity combatant bodies shall not be buried, but

dumped into former coal, granary or other related silo's to be organically converted into compost.

-----  
*Summary: EoP PoW's & GMACCC –v– Cop 21 Min of Environment Signatories*

This could either supplement *EoP PoW's –v– Nobel Committee & Peace Laureates et al*; or perhaps even replace it; as a simpler more effective option; based upon the same 'crimes of aggression acts of war' charges and definition.

In this case however the respondent parties would be required to consent to the following legally binding suggestion; as per the 10 December 2015: EoP Cop21 Simple Root Cause Problem Solving Recommendation [[PDF](#)]; to eliminate the manmade causes of global warming.

-----  
Negotiators from over 190 countries – representing citizens from many different races, classes, cultures, religions – have come together to negotiate a 'climate change agreement'; to stabilize atmospheric concentrations of greenhouse gases (GHGs) to avoid "dangerous anthropogenic interference with the climate system"; with the aim of keeping global warming below 2°C.

Simplify Suggestion:

"If you can't explain it simply, you don't understand it well enough." - Albert Einstein

1. Climate change – like food shortages, food inflation, cost of living increases, urban sprawl, traffic jams, toxic waste, pollution, peak oil, peak water, peak food, peak population, species extinction, loss of biodiversity, peak resources – is a direct and indirect consequence of overpopulation and overconsumption.
2. Overconsumption and overpopulation are a direct consequence of humans procreating and consuming above ecological carrying capacity limits.
3. Humans procreate and consume above ecological carrying capacity limits because the current international law social contract; provides the worlds nations citizens with the 'right to breed and consume with total disregard for ecological carrying capacity limits'.
4. Humans will stop procreating and consuming above ecological carrying capacity limits when legislators amend the international law social contract; to require all the worlds citizens to procreate and consume below ecological carrying capacity limits.

***EoP Cop21 Simple Root Cause Problem Solving Recommendation:***

Cop 21 negotiators agree to support international law legislation requiring all the worlds nations political parties to agree to implement national legislation by 11 September 2016; that requires all their citizens to procreate and consume below ecological carrying capacity limits. Any political party which refuses to cooperate; is to lose their political party license. Any nation that refuses to remove the violating political party's license may be legally charged in an international court; by any individual in that nation or another nation with the intention to bribe their citizens to overbreed or overconsume; which shall be considered crimes of aggression acts of war; punishable by the death penalty for every single member of that political party.

Once implemented all political parties will be on an even playing field and will no longer be able to bribe their citizens with individual or corporate welfare to vote for their political party.

Politicians shall have to find their [Thomas Sankara](#) backbones; to cooperate with their citizens to teach them how to become cooperating self-reliant sustainable nations.

-----  
***PM Netanyahu & Mossad consent as EoP Axis Coercion:***

Original basis for recommendation of Mossad / Shinbet as EoP Axis Coercion; which has been shared with PM Netanyahu; include among others: [Israel's Shin Bet Generals call for peace](#).

***EoP Axis Officials Heads of State confirm their intent to act as EoP Axis.***

Basis for recommendation of EoP Axis include among others; which has been shared with EoP Axis authorities; include among others: Real News: [Paul Jay's Reality Asserts Itself: Who Makes US Foreign Policy interview of Lawrence Wilkerson](#); particularly the [predatory capitalism](#) part; which deals with the necessity of the great powers cooperating to implement a new economic order; to address the massive impending planetary social conflict problems resulting from climate change, peak food, peak water, peak oil, etc.

***EoP Axis Officials confirm EoP Axis Military Necessity Evacuation Orders to NSA, FSB, NATO & People's Liberation Army of China; in the event coercion of any ICC respondents is considered necessary.***

The EoP Axis Lotto Coercion option, basically recognizes that as in Star Trek; we are all to blame; some more than others; but very few can consider themselves ecologically innocent in terms of having procreated and/or consumed below ecological carrying capacity limits. Recognizing this reality; our ICC complaint application must include a coercion option targeting any and all respondents who refuse to cooperate or provide honourably justified reasons for their refusal to cooperate to implement an Ecology of Peace international law social contract as per Ecology of Peace reality facts.

Ecology of Peace Reality Facts: (a) Earth is not flat; (b) Earth renewable and non-renewable resources are finite; (c) When humans [breed or consume above ecological carrying capacity limits](#), it results in [resource conflict](#); (d) To sustainably protect and conserve natural resources in accordance to local and national carrying capacity limits; and restrict national and international inter-cultural, racial and religious resource war conflict; humans must reform and/or abolish the [Masonic War is Peace](#) international law social contract; and cooperate to implement an [Ecology of Peace](#) international law social contract that restricts all the worlds citizens, from all races, religions and classes; to breed and consume below ecological carrying capacity limits.

All EoP Axis documents can be found at [EoP Axis](#). The most recent EoP Axis Lotto Draft [[PDF](#)]. Some excerpts:

-----  
EoP Axis Military Necessity Evacuation Lotto pool consists of nation states starting with 25 nations with highest scarcity combatant footprints. Each lotto draw will select two nation states. The two lotto Nation states shall have half of selected Scarcity Combatants – Lawyers, Mental Health, Organized Religion, Charity Non-profits, Media and Breeding/Capital War extremists – evacuated; excluding scarcity combatants who have signed EoP Axis Oaths.

Evacuated means humanely eliminated by means of psychotronic technology that terminates the functioning of their bodily organs; their bodies are to be disposed of in silo's for composting.

Cities: → City administrators must reduce their city populations to a maximum of 25,500 residents. Their cities must be separated from the next city by a green corridor of minimum 5 miles; between itself and neighbouring 'city' to be considered a second 'separate city' for the purpose of 'resident counting'; and the green corridor should be 25 miles from any third city.

Scarcity Combatants: → Law: Judges, Prosecutors & Lawyers; Mental Health: Psychologists & Psychiatrists; Media: Print, TV or Radio: Editors, Producers & Journalists; Religious & Non Profit: Officials and Employees of any religious worship or charity organization with State non-profit status.

Breeding / consumption war extremists: → Any adult individual over the age of 18 who qualifies as an extremist Scarcity Combatant: i.e. Breeding: any individual who has co-procreated more than 3 children who survived beyond the age of 5; Capital/Consumption: any individual whose capital assets amount to more than US \$ 2.55 million.

The EoP Military Necessity Mutual Coercion ICC Option Lotto Evacuation shall continue until (a) all nations national leaders have provided 'EoP Axis of Mutual Coercion' authorities with their Nations verified EoP Axis oath commitment of unconditional cooperation; and (b) all nations chief prosecutorial authority: attorney general / public prosecutors have filed their written consent with the International Criminal Court registrar for private prosecution proceedings of [EoP PoW's -v- Nobel Committee & Peace Laureates et al](#); or (c) their written legal objections.

We don't give a fuck about providing our goddamn fucking cockroaches pretending to be humans with honourable notification in an international court of law that they should amend their breeding / consumption scarcity combatant cockroach on steroids behaviour; or we will goddamn slaughter them.

### ***Judge Gray***

I suggest if you give a fuck about the professional qualified lead counsel for any 'We give a fuck about an Honourable American/Russian Foreign Policy' Admirals / General / President / whatever they consider their profession to be Americans / Russian Applicants; you order King James to put his goddamn ass in front of a computer and write an email informing any 'We give a fuck about an Honourable American/Russian Foreign Policy' Admirals / General / President / whatever they consider their profession to be Americans / Russian Applicants; in crystal clear buck stops here language that you are sincerely willing to consider being their professional qualified lead counsel; and what questions you have of them; if any; to enable you to make a fully informed decision; about being their lead counsel.

----- draft: Judge Gray confirmation of EoP Applicant Counsel email to Applicants -----  
EoP Applicant

Lara Johnstone has informed me that you are an EoP Applicant who is looking for professional qualified pro bono lead counsel.

I am willing to sincerely and seriously consider providing you with such professional qualified pro bono assistance of counsel lead counsel advice under the following circumstances.

### ***Communication Policy:***

We don't waste each others time. I need you to confirm that you will provide me with buck stops here brutally honest answers to any question I consider relevant. Furthermore you should provide me with a list of issues you consider relevant; for me to enquire into and inform myself of. See EoP communication policy at [Ecology of Peace](#).

***Purpose of ICC Private Prosecution:***

The purpose of our military necessity private prosecution complaint to the International Criminal Court is to implement an Ecology of Peace international law social contract; that requires all the world's citizens to procreate and consume below ecological carrying capacity limits. The complaint shall charge breeding and/or consumption scarcity combatants respondents; with 'Crimes of Aggression Acts of War' for their breeding/consuming above ecological carrying capacity limits; and shall require the respondents to voluntarily cooperate; or be coerced to cooperate; to nonviolently de-industrialize and reduce consumption and procreation to ecological carrying capacity limits; through specific actions requested of them. If they refuse they shall be legally notified that genepool extermination coercion measures shall be applied to them if they don't change their mind to voluntarily cooperate.

***Honourable Coercion Measures:***

Whatever coercion measures are agreed upon must be honourable and legal. Any respondent who is accused of failing to voluntarily cooperate; must be informed in writing of his failure; and by when and how he must amend his failure to cooperate; and/or provide written reasons for his failure to cooperate. If he does not provide written reasons for his failure to cooperate; or provides insufficient and/or unreasonable reasons for his failure to cooperate; he shall be informed that genepool extermination coercion measures shall be applied to him; that he should say his family and friend farewells; before the date and time he should make himself available at an agreed upon neutral meeting place; for the genepool executioner to put a bullet through his brain; and remove his dead body to the nearest compost silo. If he does not make himself available at the neutral meeting place; he should be treated as a fugitive from justice; to be shot on sight.

***Legal, Research and Expert Witness Assistants:***

I shall need an inner circle of legal and research assistants to streamline the current complaint and make it more clear and as simple as possible; for any layperson to be able to understand; while also backed up with the best evidence available; with expert witnesses to backup each claim.

***Financial Assistance:***

While all legal, research and expert witness assistance man hours research etc can be pro bono; we shall need financial assistance with paperwork, filing fees and service and so on. We may be able to find an oligarch who supports our aim of nonviolent humane and orderly de-industrialization and depopulation to ecological carrying capacity limits; who may be willing to step-up and provide financial assistance. Lara suggests that possible oligarchs whom may be interested in nonviolent humane de-industrialization and depopulation; if and when applicants are confirmed and Legal Research Inner circle is confirmed may include: Roman Abramovich and/or Charles and David Koch.

***Mutual Agreed Treason Firing Squad Back Up Measures:***

Our purpose must be focused on root cause problem solving of eliminating the right to breed/consume with total disregard for ecological carrying capacity limits Masonic War is Peace clauses from international law social contract. This is not a private prosecution to make official Freemasons 'wrong' and scapegoat them for the breeding/consumption war clauses in the international law social contract. Many groups could have made efforts to amend and remove these international law clauses and did not. All Freemasons and Masonic lodges are to be welcomed to buck stops here honourably cooperate and support the removal of these clauses. If however there are Masonic lodges and/or overt and/or covert Masons who prefer a violent Masonic bloodbath; then we may find ourselves facing treason charges. If that is the case; my

suggestion is that all Applicants; all Research; all Counsel, all Expert witnesses; all of us stand together. They either put all of us in front of a firing squad or none of us.

Every assistance of counsel: judge, lawyer or paralegal; every primary and back up applicant; every expert witness; who signs up to the Ecology of Peace campaign must recognize that if one of us in some fuck honour backward country of fuck honour niggers, spicks, crackers, japs, chink cockroaches gets charged with treason for their participation in supporting the EoP ICC implementation of an Ecology of Peace international law social contract; then we are all going to support that person and face the firing squad together.

***Further Requirements:***

[List any further requirements you have for sincerely and seriously considering being the lead counsel]

Please Note that -- until I have found Masonic War is Peace attorneys [Req. Asst of Counsel: [PDF](#)]; psychologists [Psych: [PDF](#)] and/or court that (a) consider me entitled to a free and fair military necessity trial by an impartial court of Judges capable of hearing constructive criticism about the fuck up that is their or the Masonic War is Peace cult social contract religion; irrespective of whether I am the one and only village idiot on the planet who has such heretical Ecology of Peace anti-masonic beliefs, or whether there are only a handful of people on the planet who support my heretical anti-masonic beliefs [D. Rumsfeld: [PDF](#); OKC [PDF](#)]; (b) evaluate my Ecology of Peace Factual Reality statements, actions and motives in accordance to my subjective and the objective truth and evidence; the whole truth and evidence; and nothing but the truth and evidence [RH Fraud: VA Pros Theo Stamos [PDF](#)]; and (c) my Radical Honoursty Ecology of Peace culture is legally acknowledged [[EoP legal submissions](#)] -- my correspondence to you shall not be published in EoP v WiP negotiations correspondence found at [MILED Clerk Notice](#); but shall be published at: Practicing Radical Honoursty [[EoP](#) | [WiP](#)].

Ecology of Peace Facts Reality: (a) Earth is not flat; (b) Earth renewable and non-renewable resources are finite; (c) When humans [breed or consume above ecological carrying capacity limits](#), it results in [resource conflict](#); (d) To sustainably protect and conserve natural resources in accordance to local and national carrying capacity limits; and restrict national and international inter-cultural, racial and religious resource war conflict; humans must reform and/or abolish the [Masonic War is Peace](#) international law social contract; and cooperate to implement an [Ecology of Peace](#) international law social contract that restricts all the worlds citizens, from all races, religions and classes; to breed and consume below ecological carrying capacity limits.

Should either of you or your political party leadership or members desire my departure from this planet; because I 'appear to be a complete waste of oxygen'. I have been attempting to make arrangements for my departure from this Masonic infested planet of gutless cowards for fifteen years now. All I have asked is for South African and/or International authorities or Oklahoma City bombing prosecutors and/or counsel to confirm with President Bush and/or Governor Gray Davis that Timothy McVeigh's execution was faked; and whether the terms of his faked execution allow for me to physically spend two years with Timothy McVeigh off grid in a little village in the Siberian wilderness; before we depart this planet together.

So far South African and/or International prosecutors, lawyers, magistrates, judges, politicians and Oklahoma City bombing prosecutors and counsel refuse to confirm with President Bush and/or Governor Gray Davis that Timothy McVeigh's execution was faked; so I have been unable to find out whether the terms of his faked execution allow for me to physically spend two years with Timothy McVeigh off grid in a little village in the Siberian wilderness; before we depart this planet together.

If you or your fuck honour political party leaders are willing to confirm with President Bush and/or Governor Gray Davis that Timothy McVeigh's execution was faked; and find out whether the terms of Timothy McVeigh's faked execution allow for me to physically spend two years with Timothy McVeigh off grid in a little village in the Siberian wilderness; before we depart this planet together; then we can expedite your desire for my departure from this planet; so I don't consume any more of your or your fuck honour political party's oxygen.

### **EoP Response to Sajan Poovayya: Seasons Greetings**

I received your Seasons Greetings. I do not celebrate Christmas or New Year; although I don't expect you to know that.

Considering that I don't know you; you are an Indian Advocate with political ties to the Indian Government; I recently sent request for assistance of counsel correspondence to Indian lawyer: Mahesh Chandra Mehta [[PDF](#)]; copied to military, political and legal Indian professionals; I imagine your Seasons Greetings is a response thereto; although its very vague.

If consciously on your part; the 'New Year' reference could imply 'anti-occult human sacrifice lawyer'. If so: are you suggesting yourself as such an anti-occult human sacrifice lawyer to support the EoP applicants; or Mr. Mehta?

If not consciously on your part; but psychotronically conscious on the part of some military intelligence agency; 'New Year' could imply military intelligence agencies reference to 'anti-occult human sacrifice lawyer' although 31 December has other possible military cryptic interpretations to me; such as (a) Timothy McVeigh's 1991 discharge from the United States Army [[History Commons](#)]; (b) Benjamin Netanyahu's brother Jonathan rejoining the IDF [[Yoni: Life of Lt Col Jonathan Netanyahu](#)] and bombing of Norfolk Hotel in Nairobi by Palestinian terrorists protesting Kenya's role in Entebbe Raid [[Entebbe Raid](#)]; (c) Vladimir Putin being handed the nuclear suitcase [[Putin System](#)], etc.

There are other possible interpretations; which could be conscious on your part; if you had read any of the EoP Axis documentation; and if not: psychotronic on the part of military intelligence agencies.

If you don't want to waste my or Mr. Mehta's time; perhaps you could clearly clarify what you are attempting to say or want; assuming you know what you want.

President Putin, PM Netanyahu, the EoP Applicants and EoP Axis military and intelligence agencies all know what I want. If or when I am able to decipher what they want; and have the skills and/or time or resources to help them to get what they want; I help where I am able.

I don't know if any of that is helpful information to enable your or Mr. Mehta's decision-making to clarify what it is you want.

Respectfully,

Lara Johnstone, aka Andrea Muhrrteyn [EoP Oath [PDF](#)]

I have received your withdrawal of Seasons Greetings.

My interpretation of possible cryptic military intelligence psychotronic clues in your message imply that military intelligence agencies say you are a fuck honour ego Mindfuck coolie snake oil salesman pretending you give a fuck about being a lawyer that provides your family, community and nation with the delivery of justice -- i.e. the honourable public impartial and fair resolution of citizens resource war disputes; -- but my interpretation of military intelligence cryptic messages could be inaccurate.

Unlike fuck honour Masonic judges who pretend their cryptic interpretations of fuck honour Masonic law are accurate; I don't make claims that my Ecology of Peace honourable interpretations of possible intelligence agency cryptic messages are accurate; unless they are confirmed as accurate by the individuals who were the authors of the cryptic intelligence agency messages.

If your apology for sending your 'Seasons Greetings' email; is from you: Sajan Poovayya. Is it sincere?

If your apology is on behalf of anyone else? On behalf of whom is it and for what in detail exactly; are you apologizing?

If this is a cross cultural misunderstanding: i.e. I am a member of the Ecology of Peace Radical Honoursty culture [EoP Oath [PDF](#)]; you are an Indian lawyer who is presumably a member of Masonic War is Peace Indian culture; and Indian law subcultures; feel free to explain yourself to an Indian lawyer friend of mine from many years ago: Azim Baccus; so that he can explain to his sincere village idiot whitey friend who gives a fuck about justice for all; what the fuck Sajan Poovayya is or has been trying to say.

*Re: plausible deniable applicants and observers:*

According to my observation two of the applicants could be considered plausible deniable committed to the implementation of an Ecology of Peace international law social contract. They are Timothy McVeigh and Vladimir Putin.

I imagine Timothy McVeigh shall remain plausible deniable until Pres Bush and/or Governor Gray Davis legally confirms his 11 June 2001 faked execution. Those negotiations can be found in: *Ecology of Peace culture correspondence regarding the Oklahoma City Bombing and the faked execution of Timothy James McVeigh [PDF]*. I imagine Vladimir Putin shall remain plausible deniable until (i) the issue of McVeigh's faked execution is resolved; and/or (ii) Israel ICC coercion issues are confirmed; although I could be wrong on both those counts; and President Putin may be willing to discard his plausible deniability based upon the same grounds as the plausible deniable working hypothesis enquiry applicants. One thing I have little doubt about is his level of EoP commitment.

The other applicants I would classify as closer to plausible deniable working hypothesis enquiry; some closer to committed and others closer to enquiry; where exactly on that scale they would fall; I don't know. I imagine they would tilt closer to committed with a qualified committed private prosecution counsel on board.

### ***Mutually Agreed Coercion Enforcement:***

So far two ideas have been considered for Mutually Agreed Coercion Enforcement. Israel Mossad / Shinbet for coercion and enforcement of individuals and/or organizations and EoP Axis for larger entities such as countries; although Israel could also provide coercion to EoP Axis leaders who are refusing to cooperate with other EoP Axis cooperating countries.

### ***2. Confirm PM Netanyahu & Mossad consent as EoP Axis Coercion:***

Original basis for recommendation of Mossad / Shinbet as EoP Axis Coercion; which has been shared with PM Netanyahu; include among others: [Israel's Shin Bet Generals call for peace](#).

### ***3. Confirm EoP Axis Officials Heads of State confirm their intent to act as EoP Axis.***

Basis for recommendation of EoP Axis include among others; which has been shared with EoP Axis authorities; include among others: Real News: [Paul Jay's Reality Asserts Itself: Who Makes US Foreign Policy interview of Lawrence Wilkerson](#); particularly the [predatory capitalism](#) part; which deals with the necessity of the great powers cooperating to implement a new economic order; to address the massive impending planetary social conflict problems resulting from climate change, peak food, peak water, peak oil, etc.

### ***Succinct Summary of Private Prosecution Complaint:***

On behalf of the EoP Applicants I have been preparing documentation for an ICC private prosecution in terms of Rendulic Rule Military Necessity doctrine; CA, UK, US & RSA Common Law Private Prosecution doctrine; Rome Statute: Art.5, 6, 7, 8 & 15; ICC Code of Judicial Ethics: Art 4, 5(1), 7 & 11. Charges: Crimes of Aggression Acts of War.

The Ecology of Peace culture's definition of 'crimes of aggression acts of war' is as follows: "Any individual who is found guilty of advocating on behalf of, legislating, enforcing, or obeying any – cultural, religious, common, statutory, constitutional, or international –

‘scarcity combatant’ social contract; which enables or advocates on behalf of human procreation, consumption or production of resources that transgress ecological carrying capacity limits, is guilty of the ‘crime of aggression act of war’.”

*Carrying Capacity Sustainability: I=PAT Equation:*

For activities to be genuinely sustainable it must be possible for them to continue indefinitely. The impact of humanity on the environment and the demands that people place on the resources available on the planet can be summarized by what is known as the Ehrlich or IPAT equation,  $I=PAT$ . I = impact on the environment or demand for resources, P = population size, A = affluence and T = technology. The two most important conclusions deriving from this IPAT footprint relationship are that: (i) the Earth can support only a limited number of people, at a certain level of affluence, in a sustainable manner; and (ii) Population and Consumption must be reduced to below carrying capacity.

An individual's IPAT footprint is a result of: (A) Consumption Footprint multiplied by (B) Procreation Factor.

**Consumption Footprint:** Consumption footprint calculators are based upon [Global Footprint Application Standards](#), and calculate an individual's consumption footprint based upon various questions about their consumption lifestyle's; and provide a final consumption footprint in global hectares which is the individual's ‘consumption footprint’; i.e. the amount of global productive land required for the production of products the individual consumes. Consumption Footprint calculators can be found at among others: [Global Footprint Network](#); [Earth Day](#); [Center for Sustainable Economy](#); [EcoCampus](#).

Global Footprint concepts were developed by among others: Dr. Mathis Wackernagel; Dr. William Rees; Dr. Herman Daly and the Global Footprint Network Standards Committee is one of two committees overseeing scientific review procedures and standards for Footprint calculations.

**Procreation Factor:** According to the research of [Paul Murtaugh](#): A parent increases their consumption footprint by a factor of 20 for every child procreated.

**Carrying Capacity aka Biocapacity Limits:** “The maximum number of individuals that can be supported sustainably by a given environment is known as its ‘carrying capacity’. Worldwide the total amount of biologically productive land and sea amounts to 12 billion global hectares (gha); or 1.8 gha each if divided by 6.7 billion each. Guerry's Laws are drawn up in accordance with the proactive conservation policies of Bhutan, who set aside 40% of their biologically productive to be returned to its natural state, for other species and wildlife conservation purposes; then that means that the total amount of biologically productive carrying capacity land available to humans is 60% of 12 billion; which amounts to 7.2 billion gha total; or 60% of 1.8 gha, which is 1 gha each.

Population factor is relevant, because the more humans there are, the less biologically productive land there is for everyone else.

For example:

**Biocapacity limits of 6.7, 3.5, 1 Billion, 500, 250 & 100 Million humans:** 7.2 billion global hectares of biologically productive land and water divided by (a) 6.7 billion humans,

equals: 1.07 gha each; (b) 3.5 billion equals 2.05 gha each; (c) 1 billion equals 7.2 gha each; (d) 500 million equals 14.4 gha each; (e) 250 million equals 28.8 gha; (f) 100 million equals 72 gha each.

***Respondents:***

Primary Respondents so far include:

### **Re: WiP Kampala ‘crimes of aggression’ definition**

[.] EoP Simplify Suggestion:

“If you can't explain it simply, you don't understand it well enough.” - Albert Einstein

5. Nation states standing army or dissident guerrilla army ‘terrorism’ resource war military aggression – like climate change, food shortages, food inflation, cost of living increases, urban sprawl, traffic jams, toxic waste, pollution, peak oil, peak water, peak food, peak population, species extinction, loss of biodiversity, peak resources – are a direct and indirect consequence of overpopulation and overconsumption.

6. Overconsumption and overpopulation are a direct consequence of humans procreating and consuming above ecological carrying capacity limits.
7. Humans procreate and consume above ecological carrying capacity limits because the current international law social contract; provides the worlds nation states constitutions provide nation state citizens with the implied 'right to breed and consume with total disregard for ecological carrying capacity limits'.
8. Humans will stop procreating and consuming above ecological carrying capacity limits when legislators amend the current international law and national constitutional social contract statutes that enable procreation and consumption above ecological carrying capacity limits; to specifically require all the worlds/their nations citizens to procreate and consume below ecological carrying capacity limits.

If or when such EoP international law legislation existed: Any political party that attempted to bribe its nations citizens to vote for it; or to fund it; in exchange for offerings of 'right to breed' or 'right to produce/consume' above ecological carrying capacity limits; could be charged with crimes of aggression acts of war in the nations courts; and if found guilty lose their political party licenses. Any nation's courts that refused to penalize such a political party with loss of political party licensing could be legally charged in an international court; by any individual in that nation or another nation for their crimes of aggression acts of war intentions to bribe their citizens to overbreed or overconsume contributing to resource scarcity and resource wars.

I imagine it shall be far cheaper and easier for a prosecutor to prove 'overbreeding' and/or 'overconsumption' in a court of law; or overbreeding / consumption bribery; than it currently is to prove current multiple different definitions of 'corruption' etc; that not only confuse citizens; but in and of such citizen confusion is the seed of the citizens distrust of the legal systems impartiality, honesty and integrity; and the source in citizens and lawyers minds that a bundle of lies is the edifice upon which the legal establishment is built; that courts are not courts for the clear fair and honest resolution of disputes in simple village idiot language understood by the common man; but religious psychological warfare battle of wits temples. [Sajjan Poovayya: [Common Myths about Indian lawyers](#)]

### **Current International Law Right to Breed & Consume:**

There are many examples of current international law statutes that directly and indirectly provide citizens with the right to breed and/or consume above ecological carrying capacity limits; and lawyers, prosecutors and Judges who apply them, all while pretending their courts are concerned with 'truth' and 'evidence'; pretending they have fuck all clue why and how those statutes result in food shortages & inflation, cost of living increases, urban sprawl, traffic jams, toxic waste, pollution, peak oil, peak water, peak food, peak population, species extinction, loss of biodiversity, peak resources and climate change; inter-racial, religious and cultural social conflict; psycho-social conflict; not to mention overpopulation and consumption resource depletion and scarcity induced [resource wars](#); which sometimes manifest as genocide and holocausts.

Put simply: unlike [Arthur Edens](#) and [Michael Clayton](#) – they are in total denial that they are Sheva the legal cryptic gods of death.

The following are – in my view relevant excerpts from – EoP PoW et al -v- Norwegian Nobel Committee et al; for your consideration:

-----Excerpt: EoP PoW et al -v- Norwegian Nobel Committee et al -----

**AnthroCorpocentric Jurisprudence’s Innocence for Sale Indulgence Legal Matrix:**

“Corporations are a Frankenstein monster which States have created by their corporation laws.” - Supreme Court Justice Louis D. Brandeis, 1916

“Every right must be evaluated in the network of all rights claimed and the environment in which these rights are exercised. If we hold that every right, “natural” or not, must be evaluated in the total system of rights operating in a world that is limited, we must inevitably conclude that no right can be presumed to be absolute, that the effect of each right on the suppliers as well as on the demanders must be determined before we can ascertain the quantity of right that is admissible. From here on out, ours is a limited world. Rights must also be limited. The greater the population, the more limited the per capita supply of all goods; hence the greater must be the limitation on individual rights, including the right to breed. At its heart, this is the political meaning of the population problem.” – Garrett Hardin, Limited World, Limited Rights

Civilized Patriarchy’s Legal Matrix Reality doctrine -- the Inalienable ‘Right to Breed and Consume, but you need a License to Own a Gun, a License to Drive a Car, a License to Practice Law, a television license, a credit license, a license to earn a living, a university exemption license, a license to fish, a license to hunt, a liquor license, a business license, a marriage license, in some U.S. states, five year olds, even need to get a license to run a lemonade stand on their front lawn -- hypocritically referred to as the ‘rule-of-law’ is a legal world of lawyers, politicians and priests, who prefer to negligently ignore, plausibly deny, or socio-psychopathically benefit from the conquer-and-multiply and divide and conquer control over the means of human reproduction and consumption. It is a Matrix reality, of legal, political and religious indulgence salesmen.

It is a legal world, very similar to the Matrix religious world that existed before Martin Luther confronted the religious indulgence salesmen with his Ninety-Five Theses, on the Church of All Saints, on 31 October 1517, thereby initiating the Protestant Reformation.

In the Catholic Church’s religious Matrix world, only Catholic Bishops were entitled to be interpreters of the ‘word of god’. Only they could decide what God meant, about who was guilty and who was innocent, who would go to hell and who would go to heaven. God did not speak to common people, except via the Catholic Church’s bishops.

In Civilized Patriarchy’s Legal Matrix world, only those who swear blind obedience to Civilized Patriarchy’s Legal Matrix world – lawyers, prosecutors and judges – are deemed to possess the supposed superior intellectual Legal Godlike capabilities, to decipher, decode and interpret the ‘word of civilized patriarch gods’, hence capable of deciding which of us mere Commons surplus cannon fodder mortals acts of commission, or omission, is ‘lawful’ or ‘unlawful’.

Civilized Patriarchy's Legal Matrix 'AnthroCorpocentric law' is based upon Flat Earth 'jurisprudence', as per the demands of those capable of purchasing Flat Earth legislation indulgences which make their ecologically – breeding/consumption war -- criminal acts, to be deemed as 'legal/lawful' conduct by the Legal Matrix Bishops: lawyers, prosecutors and Judges.

It is a Matrix world of legal indulgence salesmen; who -- 'Contempt in Facie Curiae' -- demand the public's sycophantic submissive obedience; for their supposed superior intellectual Godlike capabilities, to decipher, decode and interpret which of us mere Commons surplus cannon and vote fodder mortals acts of commission, or omission, is 'lawful' or 'unlawful'.

### **Thieving, Conquering, Murdering and Culling Acts of Un/Lawfulness:**

"Military men are just dumb, stupid animals to be used as pawns in foreign policy." - Henry Kissinger; *The Final Days*, by Bob Woodward & Carl Bernstein

Surplus vote fodder citizens may convert to becoming cannon-fodder citizens by joining the military to commit conquering or culling acts of murder and theft, as long as their murder and theft is sanctioned as a lawful conquer, culling or theft order, by one or more groups of left/right conquer-and-multiply legal indulgence salesmen.

In this Matrix Reality legal world, soldiers tasked with the national security conquering and culling responsibilities, of conquering to thief another tribe's resources, and culling population 'useless eaters' and 'oxygen thieves' surplus population excesses; on behalf of the conquering and culling profiteering demands of civilized patriarchy's civilian corporate and political elite; constantly find themselves confronted with the conquer-or-culling "Befehl ist Befehl" Catch 22 dilemma:

To obey, or not to obey, a 'Lebensraum', 'Difaqane', 'Operation Freedumb' and the thousands like them, order to conquer or cull; since a lawful conquer or culling order, by one group of left/right conquer-and-multiply legal indulgence salesmen, can easily be reinterpreted to be an unlawful order, by another group of opposing left/right conquer-and multiply legal indulgence salesmen; presenting a Catch 22 dilemma from which there is no legal escape.

One who refuses a 'lawful' conquering or culling order will still probably be jailed for refusing orders, and one who accepts an 'unlawful order will be jailed for committing unlawful culling or conquering acts.

Who decides, what is, and what is not, a conquering or culling *lawful*, or *unlawful* order?

The 'Inalienable Right to Breed' Matrix Reality conquer-and-multiply indulgence salesmen, with their specious justifications, and nightmare of Legal Matrix reality generated bureaucratic stare-decisis cryptic rules and statutes, of course!

"I don't know what you mean by 'glory,'" Alice said.

Humpty Dumpty smiled contemptuously. "Of course you don't—till I tell you. I meant 'there's a nice knock-down argument for you!'"

"But 'glory' doesn't mean 'a nice knock-down argument'," Alice objected.

"When I use a word," Humpty Dumpty said, in rather a scornful tone, "it means just what I choose it to mean—neither more nor less."

"The question is," said Alice, "whether you can make words mean so many different things."

"The question is," said Humpty Dumpty, "which is to be master—that's all."  
-- Through the Looking Glass, by Lewis Carroll

### **Anthropocentric Master's of 'Relevance' Jurisprudence:**

The question in a civilized patriarchy court is only concerned with who is the master of one word: *'relevance'*.

Any question or answer that exposes civilized patriarchy's Legal Matrix system for what it is; a system far more corrupt than the Catholic Church's Indulgences for Sale religious matrix, is simply deemed as 'irrelevant'.

It is 'irrelevant' that legislators, lawyers, courts and judges defy the laws of ecology with a massive 'fuck you', by legislating, interpreting and enforcing Legal Matrix doctrine, that encourages citizens to breed and consume above cultural carrying capacity limits.

It is 'irrelevant' that legislators, lawyers, courts and judges know that legislation which ignores carrying capacity limits results in ecological overshoot, surplus vote-cannon-fodder populations, economic hierarchical inequality, and scarcity induced local, national and international conflict.

It is 'irrelevant' that legislators, lawyers, courts and judges know that legislation which enables ecological overshoot in multi-cultural/ethnic/religious communities, manifests as inter-cultural / ethnic / religious conflict.

It is 'irrelevant' that legislators, lawyers, courts and judges know that inter-cultural / ethnic conflict is a great divide and conquer tool to manipulate the proletariat to perceive other cultural/ethnic proletariat as the source of their own overshoot-scarcity-conflict misery.

It is 'irrelevant' that legislators, lawyers, courts and judges sit in judgement about an accused's case of theft or murder; while consciously ignoring the theft and thievery and participation in mass murder of the civilized patriarchy corporate elite, who purchased 'Innocence for Sale' Indulgences from legislators to avoid legislation that defines their ecologically criminal acts of billion and trillion dollar thievery and murder as 'unlawful'.

#### ***What is relevant?:***

It is relevant that civilized patriarchy's penis constitutions human factory farming rights to breed and consume, is to be master —that's all.

#### ***Who says so?:***

Civilized Patriarchy's ecologically illiterate Legal Matrix Legislator's, lawyers, judges and prosecutors ego-genitals say so!

## **Totalitarian Agriculture as the source of Taker resource scarcity social-conflict contract problems:**

The problems with Taker social contract occurred with the invention of Totalitarian agriculture; which describes the behaviour of humans who violate their original indigenous tribal territory's by choosing to engage in surplus food production (economic growth); resulting in surplus human (population growth).

When any tribe of humans overbreed and/or overconsume the natural resources in their perceived tribal territory; they travel beyond their tribal territory to go and find resources they have over-consumed and degraded. When such a tribe enters another tribes territory, then conflict occurs (from economic, political to physical, an organized violence warfare). To limit inter-tribal territorial resource acquisition conflict, all tribes must agree to limit procreation and consumption to their tribal territory ecological carrying capacity limits.

Simplistically the history of war can be summed up as: Every single battle between two groups of racial, religious, ethnic, or ideological warriors, engaged in organized violence resource thieving or defence, since the advent of [totalitarian agriculture](#), was a result of one or both of those tribes having overbred and/or overconsumed, and engaging in resource thieving into another tribes territory.

Since the beginning of humans (whatever you believe that beginning to be) humans lived in nomadic hunter gatherer tribes, like the Bushmen, Aborigine's, etc. Male duties were to hunt and protect the tribe. Women's duties were to forage and nurture the young. Both men and women contributed to the tribe's economic resources and duties, hence power was shared reasonably equally. Tribes were concerned about not overbreeding; since such overbreeding resulted in the resources in a territory being depleted quicker, and less resources for the rest of the tribe; requiring them to move to new territories. After three million years of humans living like hunter gatherers, it is estimated that the human population at the beginning of the Neolithic period was around ten million.

Then things changed very quickly for the tribes who invented Totalitarian agriculture. Women invented agriculture, resulting from their close association and experimentation with seeds and plants, in their role as foragers. This change occurred because some tribes started practicing a particular form of 'surplus agriculture' (hereinafter referred to as 'totalitarian agriculture') where farmers grew large surpluses of stored food. The consolidation of agriculture results in the centralization of political power: cities & civilization. Before the discovery of oil and coal, the practice of totalitarian agriculture farming was far more labour intensive than hunting and subsistence farming; so men took over agriculture; and women were now relegated to being brood sows, to breed economic and cannon fodder: children to work in the fields or be soldiers. Surplus food meant that some members of the tribe could now work in other specialized fields: soldiers, clerks, etc; and also that the tribes could grow their tribes population. World population doubled in three thousand years; and again in only two thousand years. It jumped from ten million to fifty million—probably eighty percent of them being practitioners of totalitarian agriculture. It was getting crowded.

*Beginning of War is Peace War resulting from overbreeding and overconsuming:* In all of three million years, humans had never been crowded anywhere. But now the people of practicing totalitarian agriculture were learning what it means to be crowded. Overworked, overgrazed land was becoming less and less productive. There were more people, and they were competing for dwindling resources; and people now began to organize their tribes into forms of

standing armies to fight for land or resources. The tribes first war-making machinery: warlords—kings, princes, emperors and their nation states formed for the purpose of armed defense and aggression. “It’s during this period that we see the standing army forged as the monarch’s sword of power. Without a standing army, a king is just a windbag in fancy clothes. But with a standing army, a king can impose his will on his enemies and engrave his name in history—and absolutely the only names we have from this era are the names of conquering kings. No scientists, no philosophers, no historians, no prophets, just conquerors. For the first time in human history, the important people are the people with armies.”

*Evolution of War is Peace War: Advancement and acquisition of Human and Military Technology and Capital vs Breeding of CannonFodder:* In a battle between two armies with the same level of military skill and technology; generally the bigger army wins. Many of history’s military conquerors have relied on simply growing cannon fodder to slaughter on the battlefields to win their battles or wars. Some military conquerors focussed on improving their soldiers skills (psychological, physical, intellectual, spiritual, etc), technology (better armor, better swords, better chariots, better bows and arrows, better scaling machines, better rams, better artillery, better guns, better tanks, better planes, better bombs, better rockets, better nerve gas, better germs, better chemicals); and legal moral supremacist ‘innocence for sale’ indulgence interpretations psychological warfare doctrine. Many times small armies with greater technological equipment and/or military tactical or strategic skills won: There are many examples, but two are Battle of Blood River (guns), conquest of North and South America (guns, germs & steel).

*WiP Resource Conflict: Initially economic, then political, and finally military organized conflict:* Centuries of conflict over resources generated an international law social contract founded upon Masonic phallic force (rule of force international treaties); that rewarded those who engage in [seething energies of lucifer](#) breeding and consumption wars; which bribe their tribes members to believe it is their 'inalienable [freedumb slavery] right' to breed and consume above carrying capacity limits; while denying personal responsibility for the human factory farming organized violence conquer and culling racism, sexism, nationalism, socialism, capitalism, nazism, islamism, zionism, corporatism, stalinism, [human sacrifice culling](#), etc consequences; as people are motivated beyond retardation (motarded) to choose to join one or other ideological, religious, racial or cultural tribe to engage in resource war thieving to accumulate more resources to grow their tribe to enable it to protect itself from another tribes organized violence resource war thieving.

*Totalitarian Agriculture’s Luciferian Evil Human Sacrifice Harvest Religions:*

“When The Mason learns that the Key to the warrior on the block is the proper application of the dynamo of living power, he has learned the Mystery of his Craft. The seething energies of Lucifer are in his hands and before he may step onward and upward, he must prove his ability to properly apply this energy.” - Manly Palmer Hall,  
*Illustrious: the Lost Keys of Freemasonry*

"in this case the defendants are not simply accused of planning or directing wholesale killings through channels. They are not charged with sitting in an office hundreds and thousands of miles away from the slaughter. It is asserted with particularity that these men were in the field actively superintending, controlling, directing, and taking an active part in the bloody harvest." - Nuremberg Military Tribunal, United States of America vs. Otto Ohlendorf, et. al. ("Einsatzgruppen trial"), Judgment.

All civilized religions — from Christianity, to Gnosticism, etc — were ‘created’ in the minds of man to comprehend the concept of ‘evil’ (aka organized violence), subsequent to man’s invention of agriculture, approximately 10,000 years ago; and where such agriculture created food surpluses, resulting in population surpluses, and expansion of their territory resulting in population pressure clashes with other tribes territories, resource war conflict.

Extended misery resulting from direct and psychic existential conflict resulted in man’s attempt to understand so-called ‘evil’; or put more simply: the organized resource thieving direct conflict (rape, murder, slavery, etc) resulting from population pressures and escalating relations with fellow humans based upon the absence of consent, i.e. extended periods of psychic and physical violence and coercion.

If there are two or ten people living on an island with enough food and other resources and space, for one hundred people; there is no need to coerce another for food or resources freely and abundantly available. In the absence of a resource scarcity conflict mindset, and plenty of space, tribal relations are more conducive to cooperation and sharing. Living in the moment. There is no need for an external God in the sky to explain ‘evil’; there is only a consciousness to appreciate the source of resource abundance, as the ‘source of life’; and to live in harmony with such source: nature. Violence is limited to food chain violence experienced by all species; namely hunting and being hunted by another predator for immediate food. [See also: Law of Limited Competition]

If the tribe introduces agriculture, which results in an agricultural surplus and uses such agricultural surplus to justify greater population; then as the population increases, so the population pressures increase. There is less space to run away from someone who may be temporarily angry, or wanting something another is not willing to provide in that moment. The existence of ‘evil’ (organized violence) is plausibly directly proportional to the resource war conflict, resulting from the tribe’s violation of carrying capacity limits; and/or coming into contact with another tribe’s territorial expansion as a result of their violation of carrying capacity limits. In attempting to understand the existential meaning of this symptom of ‘evil’ resulting from violation of carrying capacity limits resource war conflict, man created religions...

The invention of agriculture and agricultural surpluses, and subsequent organized violence of civilization are the biblical story of Adam and Eve’s loss of living in carrying capacity harmony with the natural world resource abundant paradise, and Cain’s choice to be a farmer. Others saw opportunities for socio-political status benefits from exploiting the reality of organized violence (evil), and suppressed this conscious reality of their intentions by invoking various phallic ‘right’ justifications for their ‘right’ to engage in organized violence (evil).

The Mason’s ‘seething energies of lucifer’ are the psychological warfare art of manipulating and coercing men and women to overbreed and overconsume, to thereby aggravate resource war conflict, and the ability to divide and conquer people’s, for the socio-political profit of the ‘warrior’, to ‘step onward and upward’; as he ‘proves his human sacrifice ability’ to apply his breeding war and consumption war energies. Put differently, the ‘seething energies of lucifer’ are no less than the phallic justification for profiting from aggravating and perpetuating deliberate organized violence, without the consent of the recipients of the violence.

*Totalitarian Agriculture WiP Tower of Babel Empires that violently collapsed:* Humans who engage in totalitarian agriculture, engage in Predator-Prey Growth and Collapse of Civilization/Empire cycles: Greco-Rome, Minoan, Mycenaean, Sumerians, Akkadian, Assyrian, Babylonian, Achaemenid, Seleucid, Zhou, Han, Tang, Song, Parthian, Sassanid, Umayyad,

Abbasid, Mauryan, Gupta, Maya, Hittite, Harrapan and Teotihuacan. Collapses result from (1) Ecological Strain due to procreation and consumption above ecological carrying capacity limits; and (2) Economic Stratification; and have included the disappearance of between 90-99% of their populations (from famine, disease and organized violence resource wars) including their kings, Gods, calendars and other complex political and cultural institutions.

I would choose Elias Lara; he fits" [PNG].

The only people who appear to give a fuck about my sincerity and take me remotely seriously are Timothy and Vladimir: To avoid wild speculation as to what my response would be to Timothy's aforementioned plausible deniable ambiguous suggestion; I share this 'Lara response' to provide Timothy and related individuals with my answer; to avoid wasting Timothy, Vladimir, or my or any EoP Applicant -- concerned about these [Ecology of Peace v Masonic War is Peace](#) culture war issues -- time.

### **Lara should accept a job at the United Nations / UN Rule of Law Unit:**

Thanks, but no thanks.

Generally speaking from my observations and reading: the only useful part of the United Nations that has done some good and is capable of buck stops here decision-making since the founding of the United Nations has been the UN Security Council.

The rest of the United Nations is worth less than the toxic shit generated by Rothschild's Fuck Honour rape the planet central banks.

I imagine there are only two individuals on the UN Security Council who would support the conditions for me accepting a job at the United Nations: Russia and China.

My conditions: I'd fire every single fucking one of them. They would get two months wages; and notice that the UN pension payments scheme shall be terminated within 6 months; whereupon all pension payments shall cease. Only those willing to sign [EoP Axis](#) oaths would be even considered for rehiring; which obviously would include fuck all pension schemes; because they would be focused in their own personal lives; and in their professional lives about implementing an Ecology of Peace international law social contract; which would include educating people about how to implement Ecology of Peace local or family self sufficient communities; like the [Mosuo](#).

Russia and China know that if the United Nations implements such an EoP Axis firing policy; they can support the UN and do the same with their entire civilian and military government Russian and China workforce. Fire all those who refuse to sign an EoP Axis oath; nobody without a signed EoP Axis oath is considered for an interview; let alone job. Enough of their civilian and military force would responsibly consider EoP legal principles for the decision as reasonable and logical; and sign EoP Axis oaths; and cooperate with government authorities to amend their economy and military to EoP principles.

How Russia and China deal with fuck honour corrupt bankers: stick a bullet through their skull; or publicly execute them: [Killers Inc](#); [China executes corrupt Hangzhou and Suzhou officials](#); [China Overwhelmingly Supports Death Penalty for Corrupt Officials](#); [China executes Ferrari-loving billionaire 'gangster'](#).

How Fuck honour America and Israel deal with fuck honour American and Jewish corrupt bankers: clean their shitty nappies and give them a billion or trillion pacifier bailout; allow dumbfuck bigot Nazi's to overthrow Ukraine and put the American corporate cocksucking Fortune 500 oligarchs in charge to rape Ukraine's resources; overthrow Gaddafi cause he refuses Rothschilds Kike Fuck Honour Rape the Planet central banking ponzi scheme in Libya: [Global Financial Meltdown](#); Research the other issues; Fuck honour media not interested in a clear documentary detailing the info.

So: Thanks But no thanks. I wouldn't accept a job at the -- pretend we give a fuck about all the endless verbal diarrhea fucking crap the United Nations pretends to give a fuck about; while doing sweet goddamn fuck all about abolishing the right to breed and consume with total disregard for ecological carrying capacity limits clauses of the Masonic War is Peace international law social contract – fuck honour rape the planet United Nations; if you stuck a gun to my head.

***EoP Axis: Il Coercion Sincerity or Fuck Honour Kike Bullshit the Public Relations:***

It appears that Israel is not sincerely interested in EoP Axis Coercion options to implement an Ecology of Peace international law social contract; all PM Netanyahu appears interested in; is Bullshit the public relations image management campaign.

If I had been a member of Mike Herrera's Mossad Ramzi Yousef Project Bojinka 11 September WTC-Pentagon False Flag Attack team; I'd have suggested that they:

- Explore non-violent options for implementing an Ecology of Peace international law social contract.

Find a group of individuals to be plaintiffs; find lawyers willing to argue the case; and take it to a national court; and then the international court.

If you can't find Kike lawyers to argue the case; order your Ambassador in any country where such cases are being fought by Pro Se applicants; to file an Amicus, informing the court that -- Israel or the Mossad or the Shinbet; or -- whomever the fuck the kikes are who pretend they give a fuck about Peace; supports the case to be heard, in accordance to the truth, the whole truth and nothing but the truth, based upon the evidence, the whole evidence and nothing but the evidence. [List of courts where EoP arguments have been filed](#); where whomever the fuck the kikes are who pretend they give a fuck about Peace; could have or still can file such Amicus court briefs.

If the legal establishment and national and international courts prevent non-violent options for the legal implementation of an Ecology of Peace international law social contract; and it is determined that only a spectacular Harpers Ferry Utoya island massacre military necessity event could generate a Human Factory Farming Slavery abolitionist legal conversation:

- hijack a few more planes; and fly at least one of them into the goddamn New York United Nations headquarters building; another into London's Canary Wharf penis;
- Hire a few more dope smoking Welsh Chris Rogers implosion experts; and rig UN and Canary Wharf and whatever other buildings chosen; for demolition; and flatten them – with the WTC Towers – on 11 September 2001.

Immediately after the attacks: Notify Interpol and the International Criminal Court:  
Prosecutor:

- of their willingness to nonviolently turn themselves in to Interpol;
- confirm that they committed the attacks; their military necessity motivations: they are John Brown like Human Factory Farming Slavery abolitionists who committed the attacks based upon Military Necessity doctrine. They committed the attacks to abolish [human factory farming slavery enslavement](#). Put simply to abolish or amend the [phallic human sacrifice War is Peace](#) 'right to breed and consume with total disregard for ecological carrying capacity limits' foundation of our secular or theocratic – capitalist, communist, libertarian, socialist, Christian, Muslim, Catholic, Buddhist, etc – religions and national social contract constitutions; to engage in a legal discussion about options to cooperate with national and international authorities to – hopefully nonviolently – [implement an Ecology of Peace](#) international law social contract that requires all the worlds citizens from all races, classes, religions and cultures to procreate and consume below ecological carrying capacity limits
- They request a Military International Criminal Court Nuremberg like trial; with military and civilian judges capable of hearing constructive criticism about the fuck up that is their official or unofficial [Masonic War is Peace](#) cult social contract religion; irrespective of whether they are the only John Brown like Human Factory Farming Slavery abolitionists village idiots on the planet who has such heretical Ecology of Peace anti-occult human factory farming beliefs, or whether there were only a handful of supporters who support their heretical anti-occult human factory farming beliefs.

Make goddamn sure there is enough evidence clearly demonstrating the John Brown Like Human Factory Farming Slavery abolitionist motives of the military necessity act; so that fuck honour rape the planet Masonic resource thieving neoconservatives or neoliberals or neoliberalians or neosocialists cannot hijack the event; to start an Fuck Honour Rape the Planet divide and conquer Masonic oil or other form of resource thieving war.

Respectfully,
