**Y Varoufakis & S Horvat: Diem25: EoP Simple Root Cause Problem Solving Recommendation**

I have watched your Real News Network interview with Dimitry Laskaris: [Yanous Varoufakis: So the idea is to start something that we've never tried before](#) and the [09 February 2016 DIEM 25 Press Conference](#) detailing your concerns that European Union disintegration shall result in a 1930's ultra nationalist right wing Europe.

Paraphrased excerpt of 09 February 2016 DIEM 25 Press Conference:

“If European Union is disintegrating due to sub-standard economic policies that leads to a vicious cycle. Bad policy leads to negative economic outcomes like negative interest rates facing pension funds in Germany or deflation in Spain. These bad economic outcomes give the bureaucratic technocratic decision-making process more of an incentive to turn to further degrees of authoritarianism. The extra authoritarianism leads to more entrenchment in the bad policy framework; which leads to further bad outcomes; and we are in a kind of early 1930's framework of disintegration. You add to this mix a shock like the refugees and you end up with the situation we are facing in Europe today. So we ask ourselves a very simple question: If our analysis is right. If the European Union is disintegrating because of its terrible governance and architecture; what is the solution? Well we know what is not the solution. The solution is not to return to the nation state; the solution is not to build walls again; the solution is not fortress Germany, fortress France, fortress Greece, fortresses everywhere. Those walls simply reflect our insecurities. That is not the solution. It is also not the solution ostrich like to bury our heads in the sand and pretend we are on the right path and we only need to tweak our policies a little. So if these are not the solutions; what are the solutions? Our answer to this poignant question is a surge for democratizing European Union to achieve two things: Firstly: to recalibrate existing institutions and policies; in order to stabilize the five crisis that are destabilizing Europe: debt,

banking, low investment, rising poverty which fuels misanthropy and ultra nationalism, and migration. To do this in a way that re-legitimizes political power and re-politicizes political union. How can this happen? The old fashioned system of creating a political party in the context of the nation state; making promises that you cannot fulfill once you are in power; if you ever gain power. That system is finished. I have watched mighty finance ministers including in Germany; being reduced to a state of helplessness; in the context of the European Union Council. So if we are right that another political party, in the context of a nation state is not the right way to go. What is the only alternative? The only alternative is to try something we have never tried before. A political movement, that starts everywhere in Europe at once; cross borders; independent of prior political party affiliations; that has one simple objective: Get Europeans around a metaphorical table, to discuss as Europeans their common problems; and what we want are common solutions. The hope is that if a consensus emerges; and that consensus will find ways of expressing itself in the municipalities and states of the European Union.”

I have also read correspondence from Gyula Bujdosó; [Boers send a Delegation to Hungary](#); [Fidesz founder says racial war being waged against whites in Europe](#); regarding Jus Sanguinis ‘Right of Return’ for African White Refugees briefing paper submitted to Progenitor European Nations: France, Germany, Netherlands, United Kingdom and Switzerland; copied to [NATO: Military Committee](#); including Hungary: Lt Gen Tibor Benko; and Turkey: Gen Isik Kosaner.

Put simply: Europe, Africa, Eurasia, America: All of humans on Planet Earth’s choices are between Ecology of Peace humane, orderly and relatively non-violent deindustrialization and depopulation; and Masonic War is Peace extremely violent Mad Max race wars, religious wars, four horses of the apocalypse Armageddon deindustrialization and depopulation.

It is true that when the European Union and World economy collapses; perhaps together; perhaps subsequent to each other by a few years [[Meltdown](#)]; the socio-economic conditions shall result in the rise of either Masonic ‘left: communist’ or ‘right: national socialist’ wing War is Peace populist extremist political parties. Irrespective of whether the extremist populist party in any particular nation is ‘left’ or ‘right’; that Masonic War is Peace populist extremist party shall need to engage in culling of the populace; to reduce the nations populace to levels closer to ecological carrying capacity limits. Both left and right wing Masonic War is Peace extremist populists shall have their respective ‘racial, cultural or religious trash’ [[Soviet Story](#)] whom they shall cull from their national genepool; whether via Stalinist Ukraine like famine; or Siberian concentration camps [[Soviet Story](#)]; or Nazi-like concentration camps [[Jesuit Nazi Final Solution](#)]; or American version Fema camps; or simply quickly and brutally Hutu-Tutsi style [[Hutu-Tutsi](#)]. There shall be mass culling. The decision-making about whom should and should not be culled; will not be based upon any racial, cultural, religious impartial ‘rule of culling law’ principle; but on the emotional hatred zeal of those in power; against perceived racial, religious or cultural group enemies; with no consideration whether individuals within that racial, religious or cultural group are guilty of the crimes; that some of their fellow racial, religious or cultural members are perceived to be guilty of by the respective Masonic Right/Left Extremist elite.

“Left right or right wing Capitalist WiP economic and population growth destroys the environment decreasing the nation’s resources. Left or Right wing Communist or National Socialist WiP economic and population growth destroys the environment decreasing the nation’s resources. The only difference is that Left or Right wing Capitalist growth does it faster and with greater economic inequality. When nations choose to follow a Masonic capitalist, communist, socialist, libertarian, Stalinist, nazi ‘right to breed/consume above ecological

carrying capacity limits' economic growth or population growth plan; they are buying a ticket on the Titanic. Whether they purchase a Left or Right Wing Neo Conservative/Liberal capitalist first-class or Left or Right wing Extremist Marxist/Nazi communist/national socialist third class steerage Titanic ticket is irrelevant. They are purchasing a ticket on the Titanic where the end sinking of the WiP capitalist/communist titanic economy; and mass covert or overt culling of 'racial trash' result is the same." – amended quote of Albert Bartlett; [Arithmetic, Population and Energy](#).

“The teachings of Marx and Engels were carefully studied by Lenin; the man who established the first Marxist country on Earth. One year after Lenin’s death in 1924, the New York Times published a small article, which at the time went almost unnoticed: "Hitlerite Riot In Berlin: Bear Glasses Fly When Speaker Compares Hitler and Lenin. It was about some newly established party in Germany. Berlin, Nov 27: The National Socialist-Labor Party, of which Adolph Hitler is patron and father, persists in believing Lenin and Hitler can be compared or contrasted in a party meeting. Two weeks ago an attempted discussion of this subject led to one death, sixty injuries and GBP 3,000 damages to beer glasses, tables, chairs, windows and chandeliers in Chemnitz. Last night Dr Goebels tried the experiment in Berlin and only police intervention prevented a repetition of the Chemnitz affair. On Dr. Goebels assertion that Lenin was the greatest man, second only to Hitler, and that the difference between communism and the Hitler faith were very slight, a faction war opened with whizzing beer glasses." Amazing. A Future Nazi propaganda minister Goebels was openly declaring that the difference between Lenin's communism and the Hitler faith was very slight.” -- [The Soviet Story](#).

### **Sincere EoP or WiP Fraud: Never Had Before Democratization Discussion?:**

Put differently: A ‘democratization discussion that you have never had before about European Union economic problems’ is an excellent idea; **IF** your discussion is focused on brutal honestly (a) confronting and addressing the root Masonic War is Peace ‘right to breed and consume with total disregard for ecological carrying capacity limits’ causes of – [ecological overshoot](#) resource depletion [tipping points](#) and [resource conflict](#) – which are manifesting as their overpopulation and consumption socio-economic and psycho-political problems; and (b) implementing a fair, honourable and transparent deindustrialization and depopulation policy; based upon impartial easily verifiable factors that clearly delineate which individuals; irrespective of race, religion, class or culture; should be eliminated from the national genepool; when, where, how many; how and by whom.

If your ‘democratization discussion that you have never had before about European Union economic problems’ does not include discussion of the root overpopulation and consumption causes of those socio-economic problems; your ‘democratization’ discussion is not ‘a new discussion that has never been had before’. It shall just be another ‘[Its not about the Nail](#)’ Masonic War is Peace pretend we give a fuck about problem solving; while doing fuck all about solving the root causes of our socio-economic problems; instead aggravating the root causes so we can parasitically socio-politically ego Mindfuck profit from them:

- “Paris is choking with ego fuck honour White, Black, Chink, Paki, Coolie, Kike Power environmental moral supremacists pretending they give a fuck about climate change; who will continue to whine and whine and whine and whine and whine and whine and whine about climate change, food shortages, food inflation, cost of living increases, urban sprawl, traffic jams, toxic waste, pollution, peak oil, peak water, peak food, peak population, species extinction, loss of biodiversity, peak resources, climate change,

feminism, nazism, Islamism, capitalism, communism, militarization of police, etc; while doing sweet goddamn fuck all about the Masonic War is Peace right to breed/consume with total disregard for ecological carrying capacity limits international law social contract; that is the root cause of everything they whine about.” [PDF]

- New Zealand is currently choking with Fuck Honour TPP Ego Supremacists pretending they give a fuck about a stable sustainable economy; who will continue to whine and whine and whine and whine and whine and whine about economic collapse, food shortages, food inflation, cost of living increases, urban sprawl, traffic jams, toxic waste, pollution, peak oil, peak water, peak food, peak population, species extinction, loss of biodiversity, peak resources, climate change, feminism, nazism, Islamism, capitalism, communism, militarization of police, etc; while doing sweet goddamn fuck all about the Masonic War is Peace right to breed/consume with total disregard for ecological carrying capacity limits international law social contract; that is the root cause of everything they whine about.” [PDF].
- Harney Co. choking with Fuck Honour Liberty Valance Cuntstudushin moral supremacists pretending they give a fuck about peace and justice; who will continue to whine and whine and whine and whine and whine and whine and whine about authoritarian militarized government land grabs, food shortages, food inflation, cost of living increases, urban sprawl, traffic jams, toxic waste, pollution, peak oil, peak water, peak food, peak population, species extinction, loss of biodiversity, peak resources, climate change, feminism, nazism, Islamism, capitalism, communism, militarization of police, etc; while doing sweet goddamn fuck all about the Masonic War is Peace right to breed/consume with total disregard for ecological carrying capacity limits international law social contract; that is the root cause of everything they whine about.” [PDF]

If the nail-problem you are hammering is to abolish the Masonic War is Peace social contract and replace it with an Ecology of Peace social contract; then that nail is simultaneously addressing a multitude of ecological overshoot problems: whether crime and violence, unemployment and poverty, food shortages, inflation, political instability, loss of political freedoms, conformist political correctness, vanishing species, garbage and pollution, urban sprawl, traffic jams, toxic waste, resource depletion, etc. Put simply the nail is in the bulls eye target zone, and each hammer strike, sends problem solving solution ripples to each of all of these problems; whereas if you focus your nail-problem hammering in War is Peace ‘racial, ideological, cultural, religious, economic etc’ symptom zones; each hammer strike is pointless; because in the absence of addressing the root cause of the problem: Masonic War is Peace ‘right to breed/consume with total disregard for ecological carrying capacity limits’ social contract; the particular problem you are focused on is only going to get worse; as the tap of overpopulation / overconsumption-ecological overshoot resource scarcity grows and grows and grows.

“...an organization cannot have a conservation policy without having a population policy....the sanity test — in which the candidate, confronted with an overflowing sink, is classified according to whether he reaches for the faucet or the mop.” -- Daniel B. Luten; as quoted by William Milton Cooper in *Behold a Pale Horse*.

## **Sincere Honour EcoFootprint Shrinking Lifeboat Ethics Root Cause Problem Solving Legal Discussion:**

I don't know if you are aware of this information; but [Ecology of Peace culture has been having a legal discussion that has never been had before, since 18 June 2002](#); focused on the root causes of all the aforementioned socio-economic and psycho-political problems being whined about; i.e. about reforming or abolishing the 'right to breed and consume with total disregard for ecological carrying capacity limits' clauses of the international law social contract; and [options for implementing an Ecology of Peace international law social contract](#); that requires all the worlds citizens from all races, religions and cultures to procreate and consume below ecological carrying capacity limits.

Here follow excerpts:

Are you willing to change the conversation; to have a conversation that has not been had before; to have a conversation about – [ecological overshoot](#) resource depletion [tipping points](#) and [resource conflict](#) – national resource shrinking lifeboats decision-making about 'whom should be removed from the lifeboat aka national genepool; how should they be removed; how many should be removed; by whom and when should they be removed'?

Put Simply: Do you want a Culture Change by reaching for the faucet to engage in an EoP Honour EcoFootprint Shrinking Lifeboat Ethics discussion; or is your 'culture change' rhetoric just verbal diarrhea pretend culture change; while you stay stuck in your 'Suck my - WiP human sacrifice to the EgoPhallic Gods – Dick; bitch' fragile ego Masonic culture?

EoP support and cooperate with any [human factory farming slavery enslavement](#) John Brown, [William Wilberforce](#), [Eric Liddle](#), Frederick Douglass, [Noel Ignatiev](#) or [Thomas Sankara](#) abolitionist; willing to (a) legally and publicly confront the [phallic human sacrifice War is Peace](#) 'right to breed and consume with total disregard for ecological carrying capacity limits' foundation of our secular or theocratic – capitalist, communist, libertarian, socialist, Christian, Muslim, Catholic, Buddhist, etc – religions and national social contract constitutions; (b) to have the courage to give up their addiction to [false left and right wing moral supremacist bullshit propaganda](#) and its individual and/ corporate political bribery welfare at the expense of the ecological resource commons that provides all human and animal species with survival sustenance; to (c) engage in a legal discussion about options to cooperation with national and international authorities to – hopefully nonviolently – [implement](#) an [Ecology of Peace](#) international law social contract that requires all the worlds citizens from all races, classes, religions and cultures to procreate and consume below ecological carrying capacity limits.

## **Culture Change to EoP Honour Ecofootprint Shrinking Lifeboat Ethics:**

In Garrett Hardin's: [Living on a Lifeboat](#) and [Lifeboat Ethics: The Case Against Helping the Poor](#); the basic access to resources leadership decision was 'nations resource lifeboat is not full yet, whom of those drowning in the water; should we give the opportunity to get into our national lifeboat; and whom should we just allow to drown'.

In US Army's Lifeboat Ethics while not explicitly stated in the course material; that – in terms of **ecological overshoot** resource depletion **tipping points** and **resource conflict** – all nations on Earth's resource lifeboats are not only full; but shrinking so now the decision is not 'whom to let in' but 'whom should be removed from the lifeboat aka national genepool; how should they be removed; how many should be removed; by whom and when should they be removed'?

### **Ecology of Peace v WiP NWO Shrinking Lifeboat negotiations questions:**

This is a similar question to two EoP v WiP NWO negotiations questions [[PDF](#)]:

- V. Putin: New-EoP-Gotit or [current Masonic] No-Los-Pepes Evacuation Rules?
- A. Muhrteyn: Revolution in Military Ethics question: Defining just and unjust actions in war and military conflict: the operative question: Whom should the military kill?

### **Summary: Ecology of Peace Culture Shrinking Lifeboat Ethics Answers:**

The Ecology of Peace culture's answer to these shrinking lifeboat questions:

Summary:

Whom should be removed from the lifeboat/national genepool & how many should be removed:

- All citizens from whatever nation, race, religion or class whose procreation and/or consumption has been and is above ecological carrying capacity limits; who refuse to commit in writing to reduce their consumption and/or procreation to ecological carrying capacity limits; should be evacuated from the planetary genepool lifeboat by national criminal justice government departments.

How should they be removed from the national genepool; by whom, how many and when should they be removed'?

- Worlds Attorney Generals should cooperate to implement an Ecology of Peace international law social contract that requires all the worlds citizens to procreate and consume below ecological carrying capacity limits.
- Once implemented: all citizens from whatever nation, race, religion or class whose procreation and/or consumption has been and is above ecological carrying capacity limits; who refuse to commit in writing to reduce their consumption and/or procreation to ecological carrying capacity limits; should be evacuated from the planetary genepool lifeboat by national criminal justice government departments.
- If or where any nation's Attorney General obstructs the implementation of Ecology of Peace international law social contract; they should provide reasons for their legal obstruction behaviour to the International Criminal Court; and/if or when they refuse to do so; should be coerced into doing so by the implementation of EoP Axis Military Necessity Mutual Coercion Psychotronic Evacuation processes which shall psychotronically evacuate lotto nations scarcity combatant and breeding/consumption war citizens who have not signed EoP Axis Oaths from the planetary genepool.

Any form of capitalism that allows citizens to procreate and/or consume above ecological carrying capacity limits; cannot – according to Tragedy of the Commons principles – do anything else but degenerate into predatory capitalism aka fascism. Of interest regarding the future impending consequences of planetary predatory capitalism: Real News: [Paul Jay's Reality Asserts Itself: Who Makes US Foreign Policy interview of Lawrence Wilkerson](#); particularly the [predatory capitalism](#) part; which deals with the necessity of the great powers cooperating to implement a new economic order; to address the massive impending planetary social conflict problems resulting from climate change, peak food, peak water, peak oil, including how and where to bury 6 billion people.

“If you can't explain it simply, you don't understand it well enough.” - Albert Einstein

1. Economic inequality; psycho-social resource conflict conformity pressures; climate change, food shortages, food inflation, cost of living increases, urban sprawl, traffic jams, toxic waste, pollution, peak oil, peak water, peak food, peak population, species extinction, loss of biodiversity, peak resources, nation states standing army or dissident guerrilla army 'terrorism' resource war military aggression, etc – are a direct and indirect consequence of overpopulation and overconsumption.

2. Overconsumption and overpopulation are a direct consequence of humans procreating and consuming above ecological carrying capacity limits.
3. Humans procreate and consume above ecological carrying capacity limits because the current international law social contract; allows nation states to provide their citizens with the implied 'right to breed and consume with total disregard for ecological carrying capacity limits'.
4. Humans will stop procreating and consuming above ecological carrying capacity limits when legislators amend the current international law and national constitutional social contract statutes that enable procreation and consumption above ecological carrying capacity limits; to specifically require all the worlds/their nations citizens to procreate and consume below ecological carrying capacity limits.

In the – amended – wording of Dr. Al Bartlett: Living on a planet where cultures are based upon Masonic War is Peace right to breed/consume social contract principles is like buying a ticket on the Titanic; if you're smart you go Capitalist first class; or you can go cheap Communist or Primitivist steerage third class. In all cases, the sinking of the culture from ecological overshoot resource depletion result is the same. But if the social contract gives the people the choice, most people would go fast, flashy and first class.

As reported in Nasa funded [Human \(Predator\) and Nature \(Prey\) Dynamics \(HANDY\) studies](#): Humans who engage in [totalitarian agriculture](#), engage in Predator-Prey Growth and Collapse of Civilization/Empire cycles: Greco-Rome, Minoan, Mycenaean, Sumerians, Akkadian, Assyrian, Babylonian, Achaemenid, Seleucid, Zhou, Han, Tang, Song, Parthian, Sassanid, Umayyad, Abbasid, Mauryan, Gupta, Maya, Hittite, Harrapan and Teotihuacan. Collapses result from (1) Ecological Strain and (2) Economic Stratification and include the disappearance of between 90-99% of the populations (from famine, disease and organized violence resource wars) including their kings, Gods, calendars and other complex political and cultural institutions.

Economic Stratification Collapse occurs due to unequal consumption of resources generating Elites vs Commoners. As Elites become sizable and keep growing, they consume more; their over-exploitation results in collapse of resources to the Commoners; who experience famine and collapse. Elites -- due to their wealth -- do not suffer the detrimental effects of environmental collapse until much later than Commoners, which allows them to continue 'business as usual', despite the impending catastrophe; explaining how historical collapses were allowed to occur by seemingly oblivious elites (eg Roman & Mayan cases).

As clarified by Garrett Hardin in [Tragedy of the Commons](#); in the absence of a social contract that eliminates 'breeding/consumption' cheaters from the genepool; a social contract that provides for no 'elimination from the genepool' consequences for 'breeding / consumption war cheaters; effectively results in other members of the culture being forced to engage in breeding / consumption war cheating; for offence or defence of their resources purposes; which sets in motion a breeding / consumption war ratrace. This reality was observed shortly after the invention of totalitarian agriculture; and the elite of the time decided rightly or wrongly that their only option was for the elite to [divide and conquer](#) manage and profit from the 'breeding / consumption war'; which is one of the 'human sacrifice' 'secrets' of '[oroborous mystery phallic worship religions](#)'.

If economists and journalists are sincere about establishing an economic system based upon resource footprint morality; and abolishing the [human factory farming slavery](#) system; they need to confront Ecology of Peace Factual Reality: (a) Earth is not flat; (b) Earth renewable and non-renewable resources are finite; (c) When humans breed or consume above ecological carrying capacity limits, it results in resource conflict; (d) To sustainably protect and conserve natural resources in accordance to [local and national carrying capacity limits](#); and restrict [national and international inter-cultural resource war conflict](#); humans must implement an [Ecology of Peace](#) international law social contract that restricts all the worlds citizens to breed and consume below ecological carrying capacity limits.

All ideas are not equal.

If some Vietnam Phoenix project terrorists have thrown you out of a plane with a parachute; but you don't know how to work a parachute; then the idea of *'I better think about how to pull the ripchord for my parachute so that I can defy gravity with a scientifically proven method of defying gravity: namely a parachute'* and *'I can defy gravity with some Masonic verbal gymnastics; and once I have redefined gravity so that it does not apply to fuck honour tits and ass kikes New Yorkers; God will amend gravity in accordance to my Masonic law new definition demands'* are not equal.

“Paris is currently choking with ego fuck honour White, Black, Chink, Paki, Coolie, Kike Power environmental moral supremacists; who will continue to whine and whine and whine and whine and whine and whine and whine about food shortages, food inflation, cost of living increases, urban sprawl, traffic jams, toxic waste, pollution, peak oil, peak water, peak food, peak population, species extinction, loss of biodiversity, peak resources, climate change, feminism, nazism, Islamism, capitalism, communism, militarization of police, etc; while doing sweet goddamn fuck all about the Masonic War is Peace right to breed/consume with total disregard for ecological carrying capacity limits international law social contract; that is the root cause of everything they whine about.”

Put differently:

If the Cop 21 Secretariat gave a fuck about beginning to educate yourselves, those attending your 'Climate Change Conference', journalists and the worlds citizens about the scientific ripchord as opposed to the Masonic verbal gymnastics information regarding root causes of Climate Change: namely overpopulation and overconsumption; whose causes are the [Masonic War is Peace](#) -- right to breed and consume with total disregard for [ecological carrying capacity limits](#) -- international law social contract; you would have invited any one of the following speakers to present their information; to begin the educational persuasion process as to how and why it is a matter of [military necessity](#) to implement an [Ecology of Peace](#) international law social contract; that restricts all the worlds citizens from all races, classes and religions to breeding and consuming below [ecological carrying capacity limits](#).

**AnthroCorpocentric Jurisprudence’s Innocence for Sale Indulgence Legal Matrix:**

“Corporations are a Frankenstein monster which States have created by their corporation laws.” - Supreme Court Justice Louis D. Brandeis, 1916

“Every right must be evaluated in the network of all rights claimed and the environment in which these rights are exercised. If we hold that every right, “natural” or not, must be evaluated in the total system of rights operating in a world that is limited, we must inevitably conclude that no right can be presumed to be absolute, that the effect of each right on the suppliers as well as on the demanders must be determined before we can ascertain the quantity of right that is admissible. From here on out, ours is a limited world. Rights must also be limited. The greater the population, the more limited the per capita supply of all goods; hence the greater must be the limitation on individual rights, including the right to breed. At its heart, this is the political meaning of the population problem.” – Garrett Hardin, Limited World, Limited Rights

Civilized Patriarchy’s Legal Matrix Reality doctrine -- the Inalienable ‘Right to Breed and Consume, but you need a License to Own a Gun, a License to Drive a Car, a License to Practice Law, a television license, a credit license, a license to earn a living, a university exemption license, a license to fish, a license to hunt, a liquor license, a business license, a marriage license, in some U.S. states, five year olds, even need to get a license to run a lemonade stand on their front lawn -- hypocritically referred to as the ‘rule-of-law’ is a legal world of lawyers, politicians and priests, who prefer to negligently ignore, plausibly deny, or socio-psycho-phallicly benefit from the conquer-and-multiply and divide and conquer control over the means of human reproduction and consumption. It is a Matrix reality, of legal, political and religious indulgence salesmen.

It is a legal world, very similar to the Matrix religious world that existed before Martin Luther confronted the religious indulgence salesmen with his Ninety-Five Theses, on the Church of All Saints, on 31 October 1517, thereby initiating the Protestant Reformation.

In the Catholic Church’s religious Matrix world, only Catholic Bishops were entitled to be interpreters of the ‘word of god’. Only they could decide what God meant, about who was guilty and who was innocent, who would go to hell and who would go to heaven. God did not speak to common people, except via the Catholic Church’s bishops.

In Civilized Patriarchy’s Legal Matrix world, only those who swear blind obedience to Civilized Patriarchy’s Legal Matrix world – lawyers, prosecutors and judges – are deemed to possess the supposed superior intellectual Legal Godlike capabilities, to decipher, decode and interpret the ‘word of civilized patriarch gods’, hence capable of deciding which of us mere Commons surplus cannon fodder mortals acts of commission, or omission, is ‘lawful’ or ‘unlawful’.

Civilized Patriarchy's Legal Matrix 'AnthroCorpocentric law' is based upon Flat Earth 'jurisprudence', as per the demands of those capable of purchasing Flat Earth legislation indulgences which make their ecologically – breeding/consumption war -- criminal acts, to be deemed as 'legal/lawful' conduct by the Legal Matrix Bishops: lawyers, prosecutors and Judges.

It is a Matrix world of legal indulgence salesmen; who -- 'Contempt in Facie Curiae' -- demand the public's sycophantic submissive obedience; for their supposed superior intellectual Godlike capabilities, to decipher, decode and interpret which of us mere Commons surplus cannon and vote fodder mortals acts of commission, or omission, is 'lawful' or 'unlawful'.

### **Thieving, Conquering, Murdering and Culling Acts of Un/Lawfulness:**

"Military men are just dumb, stupid animals to be used as pawns in foreign policy." - Henry Kissinger; *The Final Days*, by Bob Woodward & Carl Bernstein

Surplus vote fodder citizens may convert to becoming cannon-fodder citizens by joining the military to commit conquering or culling acts of murder and theft, as long as their murder and theft is sanctioned as a lawful conquer, culling or theft order, by one or more groups of left/right conquer-and-multiply legal indulgence salesmen.

In this Matrix Reality legal world, soldiers tasked with the national security conquering and culling responsibilities, of conquering to thief another tribe's resources, and culling population 'useless eaters' and 'oxygen thieves' surplus population excesses; on behalf of the conquering and culling profiteering demands of civilized patriarchy's civilian corporate and political elite; constantly find themselves confronted with the conquer-or-culling "Befehl ist Befehl" Catch 22 dilemma:

To obey, or not to obey, a 'Lebensraum', 'Difaqane', 'Operation Freedumb' and the thousands like them, order to conquer or cull; since a lawful conquer or culling order, by one group of left/right conquer-and-multiply legal indulgence salesmen, can easily be reinterpreted to be an unlawful order, by another group of opposing left/right conquer-and multiply legal indulgence salesmen; presenting a Catch 22 dilemma from which there is no legal escape.

One who refuses a 'lawful' conquering or culling order will still probably be jailed for refusing orders, and one who accepts an 'unlawful order will be jailed for committing unlawful culling or conquering acts.

Who decides, what is, and what is not, a conquering or culling *lawful*, or *unlawful* order?

The 'Inalienable Right to Breed' Matrix Reality conquer-and-multiply indulgence salesmen, with their specious justifications, and nightmare of Legal Matrix reality generated bureaucratic stare-decisis cryptic rules and statutes, of course!

"I don't know what you mean by 'glory,'" Alice said.

Humpty Dumpty smiled contemptuously. "Of course you don't—till I tell you. I meant 'there's a nice knock-down argument for you!'"

"But 'glory' doesn't mean 'a nice knock-down argument'," Alice objected.

"When I use a word," Humpty Dumpty said, in rather a scornful tone, "it means just what I choose it to mean—neither more nor less."

"The question is," said Alice, "whether you can make words mean so many different things."

"The question is," said Humpty Dumpty, "which is to be master—that's all."

-- Through the Looking Glass, by Lewis Carroll

### **Anthropocentric Master's of 'Relevance' Jurisprudence:**

The question in a civilized patriarchy court is only concerned with who is the master of one word: *'relevance'*.

Any question or answer that exposes civilized patriarchy's Legal Matrix system for what it is; a system far more corrupt than the Catholic Church's Indulgences for Sale religious matrix, is simply deemed as 'irrelevant'.

It is 'irrelevant' that legislators, lawyers, courts and judges defy the laws of ecology with a massive 'fuck you', by legislating, interpreting and enforcing Legal Matrix doctrine, that encourages citizens to breed and consume above cultural carrying capacity limits.

It is 'irrelevant' that legislators, lawyers, courts and judges know that legislation which ignores carrying capacity limits results in ecological overshoot, surplus vote-cannon-fodder populations, economic hierarchical inequality, and scarcity induced local, national and international conflict.

It is 'irrelevant' that legislators, lawyers, courts and judges know that legislation which enables ecological overshoot in multi-cultural/ethnic/religious communities, manifests as inter-cultural / ethnic / religious conflict.

It is 'irrelevant' that legislators, lawyers, courts and judges know that inter-cultural / ethnic conflict is a great divide and conquer tool to manipulate the proletariat to perceive other cultural/ethnic proletariat as the source of their own overshoot-scarcity-conflict misery.

It is 'irrelevant' that legislators, lawyers, courts and judges sit in judgement about an accused's case of theft or murder; while consciously ignoring the theft and thievery and participation in mass murder of the civilized patriarchy corporate elite, who purchased 'Innocence for Sale' Indulgences from legislators to avoid legislation that defines their ecologically criminal acts of billion and trillion dollar thievery and murder as 'unlawful'.

#### ***What is relevant?:***

It is relevant that civilized patriarchy's penis constitutions human factory farming rights to breed and consume, is to be master —that's all.

#### ***Who says so?:***

Civilized Patriarchy's ecologically illiterate Legal Matrix Legislator's, lawyers, judges and prosecutors ego-genitals say so!

## **Totalitarian Agriculture as the source of Taker resource scarcity social-conflict contract problems:**

The problems with Taker social contract occurred with the invention of Totalitarian agriculture; which describes the behaviour of humans who violate their original indigenous tribal territory's by choosing to engage in surplus food production (economic growth); resulting in surplus human (population growth).

When any tribe of humans overbreed and/or overconsume the natural resources in their perceived tribal territory; they travel beyond their tribal territory to go and find resources they have over-consumed and degraded. When such a tribe enters another tribes territory, then conflict occurs (from economic, political to physical, an organized violence warfare). To limit inter-tribal territorial resource acquisition conflict, all tribes must agree to limit procreation and consumption to their tribal territory ecological carrying capacity limits.

Simplistically the history of war can be summed up as: Every single battle between two groups of racial, religious, ethnic, or ideological warriors, engaged in organized violence resource thieving or defence, since the advent of [totalitarian agriculture](#), was a result of one or both of those tribes having overbred and/or overconsumed, and engaging in resource thieving into another tribes territory.

Since the beginning of humans (whatever you believe that beginning to be) humans lived in nomadic hunter gatherer tribes, like the Bushmen, Aborigine's, etc. Male duties were to hunt and protect the tribe. Women's duties were to forage and nurture the young. Both men and women contributed to the tribe's economic resources and duties, hence power was shared reasonably equally. Tribes were concerned about not overbreeding; since such overbreeding resulted in the resources in a territory being depleted quicker, and less resources for the rest of the tribe; requiring them to move to new territories. After three million years of humans living like hunter gatherers, it is estimated that the human population at the beginning of the Neolithic period was around ten million.

Then things changed very quickly for the tribes who invented Totalitarian agriculture. Women invented agriculture, resulting from their close association and experimentation with seeds and plants, in their role as foragers. This change occurred because some tribes started practicing a particular form of 'surplus agriculture' (hereinafter referred to as 'totalitarian agriculture') where farmers grew large surpluses of stored food. The consolidation of agriculture results in the centralization of political power: cities & civilization. Before the discovery of oil and coal, the practice of totalitarian agriculture farming was far more labour intensive than hunting and subsistence farming; so men took over agriculture; and women were now relegated to being brood sows, to breed economic and cannon fodder: children to work in the fields or be soldiers. Surplus food meant that some members of the tribe could now work in other specialized fields: soldiers, clerks, etc; and also that the tribes could grow their tribes population. World population doubled in three thousand years; and again in only two thousand years. It jumped from ten million to fifty million—probably eighty percent of them being practitioners of totalitarian agriculture. It was getting crowded.

*Beginning of War is Peace War resulting from overbreeding and overconsuming:* In all of three million years, humans had never been crowded anywhere. But now the people of practicing totalitarian agriculture were learning what it means to be crowded. Overworked, overgrazed land was becoming less and less productive. There were more people, and they were

competing for dwindling resources; and people now began to organize their tribes into forms of standing armies to fight for land or resources. The tribes first war-making machinery: warlords—kings, princes, emperors and their nation states formed for the purpose of armed defense and aggression. “It’s during this period that we see the standing army forged as the monarch’s sword of power. Without a standing army, a king is just a windbag in fancy clothes. But with a standing army, a king can impose his will on his enemies and engrave his name in history—and absolutely the only names we have from this era are the names of conquering kings. No scientists, no philosophers, no historians, no prophets, just conquerors. For the first time in human history, the important people are the people with armies.”

*Evolution of War is Peace War: Advancement and acquisition of Human and Military Technology and Capital vs Breeding of CannonFodder:* In a battle between two armies with the same level of military skill and technology; generally the bigger army wins. Many of history’s military conquerors have relied on simply growing cannon fodder to slaughter on the battlefields to win their battles or wars. Some military conquerors focussed on improving their soldiers skills (psychological, physical, intellectual, spiritual, etc), technology (better armor, better swords, better chariots, better bows and arrows, better scaling machines, better rams, better artillery, better guns, better tanks, better planes, better bombs, better rockets, better nerve gas, better germs, better chemicals); and legal moral supremacist ‘innocence for sale’ indulgence interpretations psychological warfare doctrine. Many times small armies with greater technological equipment and/or military tactical or strategic skills won: There are many examples, but two are Battle of Blood River (guns), conquest of North and South America (guns, germs & steel).

*WiP Resource Conflict: Initially economic, then political, and finally military organized conflict:* Centuries of conflict over resources generated an international law social contract founded upon Masonic phallic force (rule of force international treaties); that rewarded those who engage in [seething energies of lucifer](#) breeding and consumption wars; which bribe their tribes members to believe it is their 'inalienable [freedumb slavery] right' to breed and consume above carrying capacity limits; while denying personal responsibility for the human factory farming organized violence conquer and culling racism, sexism, nationalism, socialism, capitalism, nazism, islamism, zionism, corporatism, stalinism, [human sacrifice culling](#), etc consequences; as people are motivated beyond retardation (motarded) to choose to join one or other ideological, religious, racial or cultural tribe to engage in resource war thieving to accumulate more resources to grow their tribe to enable it to protect itself from another tribes organized violence resource war thieving.

*Totalitarian Agriculture’s Luciferian Evil Human Sacrifice Harvest Religions:*

“When The Mason learns that the Key to the warrior on the block is the proper application of the dynamo of living power, he has learned the Mystery of his Craft. The seething energies of Lucifer are in his hands and before he may step onward and upward, he must prove his ability to properly apply this energy.” - Manly Palmer Hall,  
*Illustrious: the Lost Keys of Freemasonry*

"in this case the defendants are not simply accused of planning or directing wholesale killings through channels. They are not charged with sitting in an office hundreds and thousands of miles away from the slaughter. It is asserted with particularity that these men were in the field actively superintending, controlling, directing, and taking an active part in the bloody harvest." - Nuremberg Military Tribunal, United States of America vs. Otto Ohlendorf, et. al. ("Einsatzgruppen trial"), Judgment.

All civilized religions — from Christianity, to Gnosticism, etc — were ‘created’ in the minds of man to comprehend the concept of ‘evil’ (aka organized violence), subsequent to man’s invention of agriculture, approximately 10,000 years ago; and where such agriculture created food surpluses, resulting in population surpluses, and expansion of their territory resulting in population pressure clashes with other tribes territories, resource war conflict.

Extended misery resulting from direct and psychic existential conflict resulted in man’s attempt to understand so-called ‘evil’; or put more simply: the organized resource thieving direct conflict (rape, murder, slavery, etc) resulting from population pressures and escalating relations with fellow humans based upon the absence of consent, i.e. extended periods of psychic and physical violence and coercion.

If there are two or ten people living on an island with enough food and other resources and space, for one hundred people; there is no need to coerce another for food or resources freely and abundantly available. In the absence of a resource scarcity conflict mindset, and plenty of space, tribal relations are more conducive to cooperation and sharing. Living in the moment. There is no need for an external God in the sky to explain ‘evil’; there is only a consciousness to appreciate the source of resource abundance, as the ‘source of life’; and to live in harmony with such source: nature. Violence is limited to food chain violence experienced by all species; namely hunting and being hunted by another predator for immediate food. [See also: Law of Limited Competition]

If the tribe introduces agriculture, which results in an agricultural surplus and uses such agricultural surplus to justify greater population; then as the population increases, so the population pressures increase. There is less space to run away from someone who may be temporarily angry, or wanting something another is not willing to provide in that moment. The existence of ‘evil’ (organized violence) is plausibly directly proportional to the resource war conflict, resulting from the tribe’s violation of carrying capacity limits; and/or coming into contact with another tribe’s territorial expansion as a result of their violation of carrying capacity limits. In attempting to understand the existential meaning of this symptom of ‘evil’ resulting from violation of carrying capacity limits resource war conflict, man created religions...

The invention of agriculture and agricultural surpluses, and subsequent organized violence of civilization are the biblical story of Adam and Eve’s loss of living in carrying capacity harmony with the natural world resource abundant paradise, and Cain’s choice to be a farmer. Others saw opportunities for socio-political status benefits from exploiting the reality of organized violence (evil), and suppressed this conscious reality of their intentions by invoking various phallic ‘right’ justifications for their ‘right’ to engage in organized violence (evil).

The Mason’s ‘seething energies of lucifer’ are the psychological warfare art of manipulating and coercing men and women to overbreed and overconsume, to thereby aggravate resource war conflict, and the ability to divide and conquer people’s, for the socio-political profit of the ‘warrior’, to ‘step onward and upward’; as he ‘proves his human sacrifice ability’ to apply his breeding war and consumption war energies. Put differently, the ‘seething energies of lucifer’ are no less than the phallic justification for profiting from aggravating and perpetuating deliberate organized violence, without the consent of the recipients of the violence.

*Totalitarian Agriculture WiP Tower of Babel Empires that violently collapsed:* Humans who engage in totalitarian agriculture, engage in Predator-Prey Growth and Collapse of Civilization/Empire cycles: Greco-Rome, Minoan, Mycenaean, Sumerians, Akkadian, Assyrian,

Babylonian, Achaemenid, Seleucid, Zhou, Han, Tang, Song, Parthian, Sassanid, Umayyad, Abbasid, Mauryan, Gupta, Maya, Hittite, Harrapan and Teotihuacan. Collapses result from (1) Ecological Strain due to procreation and consumption above ecological carrying capacity limits; and (2) Economic Stratification; and have included the disappearance of between 90-99% of their populations (from famine, disease and organized violence resource wars) including their kings, Gods, calendars and other complex political and cultural institutions.

### **Sincere Honour EcoFootprint Shrinking Lifeboat Ethics Root Cause Problem Solving Legal Discussion:**

Correction / Clarification:

“I don’t know if you are aware of this information; but [Ecology of Peace culture has been having a legal discussion that has never been had before, since 18 June 2002](#); focused on the root causes of all the aforementioned socio-economic and psycho-political problems being whined about; i.e. about reforming or abolishing the ‘right to breed and consume with total disregard for ecological carrying capacity limits’ clauses of the international law social contract; and [options for implementing an Ecology of Peace international law social contract](#); that requires all the worlds citizens from all races, religions and cultures to procreate and consume below ecological carrying capacity limits.”

Those are two completely different things. No doubt it was a terrorist attack. To this day we still don't know the motivations of the people who conducted the attack because we have not caught any of them.”

#### ***Lara & Timothy 19 April 1995 coincidence:***

On or about 19 April 1995; I had a disagreement with my then employer: Peter Stuart-Buttle. I had been hired by him to be his housekeeper and nanny for his two children: Rachel and Timmy. He was a single father and he won custody of the children; after his former wife committed suicide; because she was afraid of going blind. Peter had a girlfriend, if I recall correctly her name was Lisa; whom had gone to work in Hong Kong for a year. While there she assumed he was being faithful to her; which he was not. When she wrote to me and asked me how things were with the kids and Peter; I informed her of reality. I also informed Peter that I had informed Lisa that he was not being faithful. Both Peter and Lisa were furious with me. I informed Peter that I offered to resign. My thoughts were that if Peter did not want or appreciate a nanny who valued honesty and educating his children about fully informed consenting relationships; then it was best he found a nanny to teach his children whatever he wanted to teach his children. Peter accepted my resignation on 19 April 1995. On 20 April 1995 he provided me with his Reference letter. A copy of Peter's reference letter and other Stuart-Buttle family members reference letters are included in the complaint to the International Criminal Court: [Lara Johnstone v Desmond Tutu et al.](#)

A copy of this correspondence shall be documented in (i) EoP Applicants [[PDF](#)]: Bobby Inman; Frank Battistelli; Timothy McVeigh; Vladimir Putin; (ii) EoP Axis: EoP v WiP negotiations: Diem25 [[PDF](#)].
